Thank you to our host sites for stepping up to host! Tennis postseason events do not happen without our member schools hosting regional and state events – please send your thanks to our host sites!

### **Boys' State Tennis Sites/Hosts**

Again, thank you to our host schools!

### **Heat Illness/Prevention**

While spring sport coaches are not required to take the NFHS Heat Illness Prevention course, it is highly recommended. As temperatures increase, it is critical that athletes properly hydrate, and coaches are aware of the signs/symptoms of heat illness and are knowledgeable about preventative measures. Please consider taking this free course through NFHS!

### **Win/Loss Records**

Coaches are expected to record the competition information for their players. The KSHSAA has a link on the front right-hand side page of the tennis page to record this online information. Be sure to record results for all regular season competition as well as regional and state competition at the end of the season. Results are archived at this location from previous years.
