

## **KAY KLIPS**

### **February 2009**

**MANHATTAN-ANTHONY MS** KAY Club sponsored a Pennies for Patients Campaign. The Campaign is a service learning program in which kids collect spare change to help people with blood cancer. The homeroom that collected the most money won a pizza party. The pop tab collection is off to a great start for the second semester.

**NORTON HS** KAY Club helped host a blood drive for the Red Cross. The school helps organize this event because it helps get the students introduced in a worthwhile service project. Also, it gets students interested in giving blood and trying to get them to be a lifelong donor. The club had a Christmas party.
