

KAY KLIPS APRIL 2009

LANSING Kayette Club sponsored a blood drive for the American Red Cross in February. The club sponsors two blood drives, one in November & the other in February. The club had about 93 donors for the drive.

MEADE Kayettes sponsored their 2nd annual "Transportation Tuesday".

Transportation Tuesday at Meade High School

Meade High School Kayettes sponsored their 2nd annual "Transportation Tuesday" on April 28. In an effort to draw awareness to the importance of saving energy, all students and staff were encouraged to wear green and be creative in their choice of transportation for the day.... the only requirement was that it would use less energy than their regular method of getting to school. Favorites the past 2 years have included carpooling, walking, and bicycling. Scooters, pogo sticks, and 4 wheelers have been other options. This year we added two students arriving on horseback and a Winnebago filled with high school students... the ultimate in carpooling! Throughout the day, World Committee members who were in charge of the project read Energy Saving Facts over the intercom between classes. Those participating were rewarded with a participation label to wear for the day in addition to a green apple sucker.
