

# SERVICE

with purpose

The Kansas Association for Youth has served our schools, communities, nation, and world for 75 years. Leadership and service are key components of the KAY Mission Statement and leaders have emerged from KAY clubs to accept challenges that others would not. “Today for Tomorrow” is not just a motto but is the KAY life when looking at projects that serve a purpose.

Purpose is defined as an intended or desired result, a goal or something we want to achieve. Service is an act of helpful activity and when combined with purpose, great things can be accomplished. The KAY theme for 2022-2023 is “Service with Purpose.” Service and purpose are the catalysts for change and change is necessary to make a difference. As KAY clubs and members, we need to see a larger purpose and then to give selfless service to that purpose, making a true connection with a cause. When purpose is motivating, the possibilities to serve are endless. As KAY members, we are called to embrace a purpose beyond ourselves and to serve our schools, communities, nation, and world.

KAY Leadership Camp (KLC) will be from July 25-29, 2022 at Rock Springs 4-H Center. This incredible week will be dedicated to kicking off our year of “Service with Purpose” and to have fun along the way. KAY clubs will receive camp posters, brochures, and detailed information at the Unit Conferences. Additional information about KLC is available at [www.kshsaa.org](http://www.kshsaa.org).
