The updated language from ***House Substitute for Senate Bill 387*** is written below:

K.S.A. 72-7121

RULE CHANGE PENDING APPROVAL OF KANSAS AUTHORITIES

At the April 29, 2022, meeting of the Board of Directors, a proposal was approved to amend **Rule 5, Classification of Senior High School, Section 2** by adding a new Article 5. At the time of this publication, the member high schools had voted to approve the recommendation as per **Bylaw XII, Classification of Senior High Schools**. State of Kansas Identifying Statutes need to be approved by both the State Board of Education and the State Legislature prior to implementation of any changes to classification. Without these approvals, amendments to **Rule 5** would not be permissible. The following identifying statute changes were approved by the state board of education at their September 13-14, 2022, meeting. While two bills were presented during the 2023 Kansas legislative session, although neither made it out of committee. A new bill will be compiled and forwarded to the state legislature at their next session openings.

State Of Kansas Identifying Statutes

K.S.A. 2014 SUPP. 72-7114. High school activities association; board of directors, executive board, appeal board; articles and bylaws; reports; classification system; executive director and personnel; application of open meetings law and open records law.

- (a) Any association with a majority of the high schools of the state as members and the purpose of which association is the statewide regulation, supervision, promotion and development of any of the activities defined in K.S.A. 72-7117, and amendments thereto, and in which any public high school of this state may participate directly or indirectly shall:
 - (1) On or before September 1 of each year make a full report of its operation for the preceding calendar year to the state board of education. The report shall contain a complete and detailed financial statement under the certificate of a certified public accountant.
 - (2) File with the state board a copy of all reports and publications issued from time to time by such association.
 - (3) Be governed by a board of directors which shall exercise the legislative authority of the association and shall establish policy for the association.
 - (4) Submit to the state board of education, for its approval or disapproval prior to adoption, any amendments, additions, alterations or modifications of its articles of incorporation or bylaws. If any articles of incorporation, bylaws or any amendment, addition or alteration thereto is disapproved by the state board of education, the same shall not be adopted.
 - (5) Establish a system for the classification of member high schools according to student attendance and other means.
 - (6) Be subject to the provisions of the Kansas open meetings law.
 - (7) Be subject to the provisions of the open records law.

The following rule change will take effect once approval of the change to identifying statutes is given by both the State Board of Education and the State Legislature.

Rule 5, Classification of Senior High Schools, Section 2

Art. 5: Private schools will be subject to an enrollment multiplier factor when determining classification numbers. Factors for determining the multiplier include school location, socio-economic status, and championship factor. To calculate the multiplier number, the following criteria will be applied:

Any private school that has won five or more state team championships in the most recent five school years will have a multiplier applied to their classification enrollment count. These select private schools will begin with a 1.0 multiplier. The following factors will be added to the multiplier for each select private school.

1. Championship Factor - cumulative state championships over the previous 5-year period (not activity specific, team activities only).

10+ championships: + 0.30

5-9 championships: + 0.15

NOTE: If a private school has won less than 5 championships in the previous five-year period, the multiplier remains 1.0.

2. Geographic Population Factor – public school attendance area in which the private school is located.

Within a 5A/6A community: + 0.30

Within a 3A/4A community: + 0.15

Within a 1A/2A community: + 0

NOTE: If a private school does not meet the Championship Factor, the Geographic Population Factor would not take effect.

3. Socio-Economic Population Factor

0-20% Free/Reduced students reported: + 0.15

>20% Free/Reduced students reported: + 0

NOTE: If a private school does not meet the Championship Factor, the Socio-Economic Population Factor would not take effect.

NOTE: The multiplier impacts classification for all school activities and will be applied to both general and football classification numbers. Schools cannot move up more than one classification based upon the multiplier. The multiplier enrollment count will not force a school to move from 8-person to 11-person football or from 6-person to 8-person football. Geographic location is determined by the physical address of the private school. If Free/Reduced data is not collected and/or reported, it is assumed to be zero. There is no process for appeal to change a classification that has already been changed by the multiplier.

Academics + Activities = Curriculum Partners

WHY HAVE STUDENT ACTIVITIES? In the last few years the value of high school activities has been questioned. Let's set the record straight as to what high school activities are all about. First of all, they are not a separate part of our overall education program but an integral part of it. A good, well-rounded education means not only one that is academically oriented, but one that also includes physical, social and emotional development. These are available through a good school activities program.

Activities are a citizenship laboratory—Participation in activities encompasses all races and creeds, and teaches a student that it is a privilege and an honor to represent his or her school. Students learn that activities are important because they show a person how to win, and how to lose. Activities teach self-confidence, poise, respect for the rules and good sportsmanship. Through participation in activities, students learn tolerance and understanding for people and how to control their emotions. They also learn the self-satisfaction of accomplishing a goal.

Interscholastic activities constitute a part of the right kind of "growing up" experiences for American boys and girls. Youth are interested in doing things well—in belonging—in displaying loyalty. With a well administered school program, students and spectators become better citizens through participation and observance of activities conducted under established rules impartially administered.

Activities encourage physical and mental excellence—Documented reports and statistics from the high schools of Kansas continue to show the "holding power" of activities programs. Those students engaged in any phase of the extracurricular program show a drop-out rate far below that of the uninvolved student. Over 90 percent of those students who drop out of school at the senior high level have never been involved in any activity as representatives of their school!

Grade point averages of students in athletics, speech, music, cheerleading, club programs, etc., rank well above those students who choose not to participate. Interestingly enough, the statistics point out "the more participation the better the GPA!"

The loss of school instructional time, documented by reports from member schools, clearly shows students miss more instructional class time for family vacations, medical reasons, parental excuses, vocational activities, etc., than they do for all KSHSAA-sponsored school activities combined.

Activities reach out to the community—Activities in our Kansas schools will be as good and as sound as those who administer and support them. Rules and regulations are valueless unless they are embedded in the "grass roots" of the local school and community. The underlying philosophy of interscholastic activities presupposes these rules and regulations are for the good of the students themselves—just as are the other phases of the educational program—and that is the way the citizens of Kansas want them to be.

ARTICLE I - Membership

Section 1: Any public or private high school accredited by the Kansas State Board of Education, Independent Schools Association of the Southwest, or any other valid accrediting agency approved by the Executive Board, may become a member of this Association by its principal subscribing to the rules of the Association, and by the payment of the annual dues for each member as hereinafter provided. The term "high school" shall be interpreted to include the ninth, tenth, eleventh and twelfth grades.

The Executive Board may consider for membership any school which meets all standards for accreditation, as prescribed by the Kansas State Board of Education, for the grade levels offered.

NOTE: Either the principal or superintendent may be the official representative, according to the policy of the individual school.

Sec. 2: Any public or private middle/junior high school may become a member of this Association by its principal subscribing to the rules of the Association, and by the payment of the annual dues as hereinafter provided.

Schools enrolling in this Association under the provisions of this section shall be subject to the KSHSAA middle/junior high school regulations.

All member schools shall be classified as middle/junior (grade and middle) and senior high schools. Students in organized middle/junior high schools shall compete under middle/junior high school regulations and students in senior high schools shall compete under senior high school standards. The termination of any action, suit or proceeding by judgment, order, settlement, conviction, or upon a plea of nolo contendere or its equivalent, shall not, of itself, create a presumption that the person did not act in good faith and in a manner which he/she reasonably believed to be in or not opposed to the best interests of the Kansas State High School Activities Association, and with respect to any criminal action or proceeding, had reasonable cause to believe his/her conduct was unlawful.

Sub-Section. 2: Any indemnification under Sub-Section 1 (unless ordered by a court) shall be made by the Kansas State High School Activities Association upon a determination that indemnification of the director, officer, employee, or agent is proper in the circumstances because he/she has met the applicable standards of conduct set forth in Sub-Section 1. Such expenses incurred by other employees and agents may be so paid upon such terms and conditions, if any, as the Board of Directors deems appropriate.

Sub-Section. 4: The indemnification and advancement of expenses provided by, or granted pursuant to, the other section hereof, shall not be deemed exclusive of any other rights to which those seeking indemnification or advancement of expenses may be entitled under any policy of insurance, agreement or provision of law.

Sub-Section. 6: The indemnification and advancement of expenses provided by, or granted pursuant to, the other sections hereof shall, unless otherwise provided when authorized or ratified, continue as to a person who has ceased to be a director, officer, employee or agent and shall inure to the benefit of the heirs executors and administrators of such a person.

During this time, coaches (licensed teacher coaches and coach aides employed by member schools) shall be prohibited from engaging in any type of activity involving student athletes whether it be practice, training, weight lifting, conditioning, competition or travel.

All member school athletic facilities will be closed during this period to school personnel and students grades 7-12. If member school athletic facilities also serve as non-school community recreation facilities, these facilities may remain open during the moratorium so long as no school teams are playing and no school coaches are coaching the teams/ individuals. During this one week dead period, students may attend camps or competitions but may not do so with their school coaches.

This moratorium does not impact fine arts or spirit activities.

INDIVIDUAL ELIGIBILITY

Unless otherwise specified in the rules the following regulations apply to all students participating in an interschool activity program. These are minimum standards. Schools may have more stringent regulations.

Any student transferring to Kansas may be considered eligible under provisions of the Anti-Tryout, All-Star, Awards, Amateur, Scholarship Rules, provided he or she was considered (could have been) eligible under similar standards in the state from which he or she transfers and, further, that he or she was not previously declared ineligible in Kansas. (*Process Form T-E. Send a copy and a letter of request to KSHSAA.*)

Art. 1: Students who must attend a semester to regain scholastic eligibility, may not participate in interschool activities until after they have attended classes in a new semester.

Art. 2: Schools that issue credit in subjects on an annual rather than a semester basis, shall consider the grade issued at the end of the first half of the school year the equivalent of a first semester grade, and a grade issued at the end of the school year the equivalent of a second semester grade. Each half year must consist of at least eighteen weeks.

Art. 3: A student in grades 7-12 shall meet the following requirements for eligibility in interschool activities:

(See **Rule 14-1-1, Bona Fide Student**, and **Rule 15-1-3, Enrollment/Attendance.**) **NOTE:** High school students dually enrolled in colleges, who have their college hours recorded on their high school transcript, may count five hours of college credit as two subjects of unit weight or three hours of college credit as one subject of unit weight. However, the student must attend at least one class of unit weight at the member, base school per semester.

EXCEPTION: Schools who are operating their academic programs under **Outcomes Based Education** may apply to the Executive Board for their approval of an exception to Article 3. Such exceptions must assure the Association's member schools that students are making progress toward graduation (promotion).

Art. 4: If a student drops out of school four weeks or less before the close of the semester and has completed a sufficient amount of work to give him or her a semester's credit without relying upon the work that is incomplete, the student may be certified as eligible the following semester, as far as grades are concerned.

Section 2: Senior High Regulations (See General Regulations.)

Art. 1: Middle and junior high schools may elect to report scholastic eligibility on a quarterly basis, at the option of the local school. In that event, the student shall meet the following requirements for eligibility in interschool activities:

- a. Scholarship—The student shall have passed at least five new subjects (those not previously passed) of unit weight, or its equivalency, the previous quarter or the last quarter of attendance. (See **Rule 14-1-1, Bona Fide Student** and **Rule 15-1-3, Enrollment/Attendance.**)

- b. Enrollment—The student shall be enrolled in and attending a minimum of five new subjects (those not previously passed) of unit weight, or its equivalency, during the present quarter. (See **Rule 14-1-1, Bona Fide Student** and **Rule 15-1-3, Enrollment/Attendance.**)

Rule 14 - BONA FIDE STUDENT

Section I: General Regulations (apply to grades 7-12)

Art. 1: In order to be eligible for participation, the student must be a bona fide undergraduate member of that school and in good standing. (See **Rule 22-1-3, Outside Competition** and **Rule 30-2-2, Seasons of Activities.**)

In order to participate in practice, the student must be a bona fide undergraduate of that school and one who is eligible or has the possibility of eligibility.

Art. 2: A student who is under penalty of suspension or whose character or conduct brings discredit to the school or to the student, as determined by the principal, is not in good standing and is ineligible for a period of time as specified by the principal.

A student not in good standing due to discipline imposed by their school or district does not become eligible by transferring to a new school. Good standing status resumes when the disciplinary requirements of the imposing school have been fulfilled and written notice is provided.

Art. 3: A student who uses any form of tobacco, Electronic Nicotine Delivery System (*ENDS) devices, illegal drugs, alcoholic beverages, etc., at school events is not in good standing.

***Note:** ENDS is defined to be any device that delivers a vaporized solution (including nicotine, THC or any other substance) by means of cartridges or other chemical delivery systems. This includes, but may not be limited to, any electronic cigarette, vape pen, hookah pen, cigar, cigarillo, pipe, or personal vaporizer.

Art. 4: A student who uses anabolic steroids would be ineligible for interscholastic competition until such time as medical evidence can be presented that his/her system is free of that drug.

Art. 5: A student shall not be permitted to make up work after the close of the semester for the purpose of becoming eligible. A "condition" or an "incomplete" shall count as a failure. However, should a student have an excused absence for day(s) missed, completing such work per school policy (Illustration: two days for every day missed) would not be considered as "make up" per se. Summer school is not to be used for making up credit deficiencies for the purpose of becoming eligible.

Art. 6: If the student competes under an assumed name, he or she shall be ineligible in all sports.

Section 2: Senior High Regulations

Art. 1: A student who is enrolled in five or more subjects in the ninth grade or above, even though carrying subjects of a lower grade, is classified as a high school student. (See **Rule 13, Scholarship Requirements.**)

A student who completes a GED is considered to be a graduated student and has no remaining eligibility.

Art. 3: In determining subjects of unit weight, an extracurricular activity shall not count. The Kansas State Board of Education states, "Athletic practice or competition between organized groups in interscholastic leagues shall not be counted for credit purposes."

Art. 4: Students attending vocational or trade schools offering special courses approved by the Kansas State Board of Education, may transfer such credits to their home school for the purpose of establishing eligibility. Such students may be eligible for interschool activities at their home school, provided they meet all eligibility requirements. (See **Rule 15, Enrollment.**)

Section 3: Middle/Junior High School Regulations

Art. 1: Middle/junior high (seventh and eighth grade) schools may permit sixth-grade students of the same school system or of an elementary school which lies wholly within an organized middle/junior high school district, to participate in middle/junior high activities other than tackle football, boxing and wrestling. Such participation will not adversely affect the eligibility of such students when they become middle/junior high school students.

NOTE: Sixth-grade students shall be subject to the Kansas State Board of Education regulations.

Art. 2: Elementary students of the same school system, or of an elementary school that lies wholly within an organized high school district, may participate in bands, orchestras, choruses or glee clubs representing member high schools without affecting their eligibility after they become high school students. Grade school students (5th grade and below) are not eligible to represent a middle/junior or senior high school in any other type of activity.

Rule 15 - ENROLLMENT/ATTENDANCE

Section 1: General Regulations (apply to grades 7-12)

Art. 1: A student shall have been regularly enrolled and in attendance at some school not later than Monday of the fourth week of the semester in which he or she participates.

Art. 2: A student who attends one class after enrolling is considered in attendance. Attending a class the opening day of school which is called for the purpose of organization or assignment, counts as attendance. If a student transfers to a new school, enrolls and attends one class, as indicated above, and then goes back to the former school, the student may not become eligible until after one calendar year for grades 9-12, eighteen weeks for grades 7-8, in accordance with the provisions of the Transfer Rule. (Exception: See **Rule 18-1-9, Transfer.**)

Art. 3: If a student repeats subjects previously passed and is not enrolled in at least five new subjects (those not previously passed) of unit weight, or its equivalency, then that semester does not count as a semester of attendance under provisions of the Semester Requirements Rule and would not be considered a last semester of attendance, as noted in the Scholarship Requirements Rule. (Such a student is not eligible to represent a school in interschool activities during a repeat semester.) (See **Rule 13-1-3, Scholarship Requirements.**)

Art. 4: Students who must attend one calendar year to become eligible shall not participate until after they have attended classes on the first day following one calendar year from the date of transfer.

Art. 5: Special education students attending special education programs are to be eligible for any and all activities at either their home base or their attendance center as determined by the two principals involved. In the event the two administrators of the schools disagree as to where the student is eligible, the matter shall be resolved by the Executive Board.

In addition, hearing impaired and visually impaired students attending a KSHSAA member school other than Olathe-Kansas School For The Deaf or Kansas City- Kansas State School For The Blind, that have an Individual Education Plan (IEP) written related to their handicap, are eligible for activities at the Olathe-Kansas School For the Deaf and Kansas City-Kansas State School For The Blind, subject to the approval of both principals.

Students attending a KSHSAA member magnet/alternative high school which does not offer athletic activities are to be eligible for non-athletic activities only at either their home base or their magnet/alternative school as determined by the two principals involved. In the event the two principals disagree as to where the student is eligible, the matter shall be resolved by the superintendent.

Students attending a KSHSAA member magnet/alternative high school are eligible for athletic activities only at their home base school if residing in the district. If the student lives outside the magnet/alternative school district, the administra-

tion from the magnet/alternative school district will assign the student(s) a home/base school within the magnet school district.

The magnet/alternative member school for non-athletic activities, will not be classified. However, in postseason non-athletic competitive activities, the magnet/alternative member school will compete in the classification level derived by averaging the participating team members' base school enrollments as determined by the KSHSAA.

Art. 6: HARDSHIP—This rule applies only to those students who, because of illness or other justifiable emergencies, are not in attendance in some school by Monday of the fourth week of the semester in which the student participates.

- a. These situations may be referred to the Executive Board for evaluation.
- b. If the Executive Board declares the student eligible under the foregoing circumstances, he or she shall be eligible upon notification.

(Submit HARDSHIP request details on school letterhead to KSHSAA.)

Rule 16 - SEMESTER REQUIREMENTS

Section 1: General Regulations (apply to grades 7-12)

Art. 1: Once the school determines that a student is promoted from sixth grade, middle school/junior high eligibility begins immediately in the following semester. A student shall not have more than two semesters (the initial year of attendance) of possible eligibility in grade seven and two semesters in grade eight. Once the school determines that a student is promoted from eighth grade, high school eligibility begins immediately in the following semester. A student shall not have more than eight consecutive semesters of possible eligibility in grades nine through twelve, regardless of whether the ninth grade is included in junior high or in a senior high school.

NOTE: If a student does not participate or is ineligible due to transfer, scholarship, etc., the semester(s) during that period shall be counted toward the total number of semesters possible. *(See Rule 30-1-1, Seasons of Activities.)*

Art. 2: Attendance for 15 days, or participation in an interschool activity, shall constitute a semester of attendance.

NOTE: If a student attends school five days, is absent three days, attends another seven days and then drops out, he or she is charged with a semester's attendance. The time is counted from the first day of his or her attendance until the student ceases to attend school.

Art. 3: Students who must attend a semester to gain eligibility shall not participate in interschool activities until after they have attended classes on Monday (or the first day of school) in the new semester.

Art. 4: HARDSHIP—This rule applies only to those students who, because of illness or other justifiable emergencies, are not able to successfully complete a semester after 15 days of attendance.

- a. These situations may be referred to the Executive Board for evaluation.
- b. Under the foregoing circumstances, the Executive Board may waive portions of this rule for special cases.

(Submit HARDSHIP request details on school letterhead to KSHSAA.)

Rule 17 - AGE REQUIREMENTS

Section 1: General Regulations (apply to grades 7-12)

Art. 1: HARDSHIP—The Executive Board may waive provisions of the Age Requirements Rule, provided, through a personal interview of the student, the following criteria are met:

- a. Hardship form (AGE) request must be submitted by the principal and the specific activities must be identified;
- b. Hardship must have the support of the student's principal. It is recognized this student may, in some activities, be taking the place of other students from that same school;
- c. Student's physical maturity would not jeopardize the health and safety of other participants. Medical documentation from a qualified physician must be presented verifying the student presents no physical advantage or danger to an opponent if eligibility is requested in athletics;
- d. Student's mental maturity would not take advantage of other students in intellectual activities;
- e. Principal must verify all parties concerned have been informed of the liability risks involved if such an application is approved. (This includes physician, parents and school administration);
- f. If the Executive Board declares the student eligible under the foregoing circumstances, he or she shall be eligible upon notification and only for the activities approved.

Section 2: Senior High Regulations

Art. 1: Any student who reaches nineteen on or before August 1, shall be ineligible for interscholastic activities. Any student who reaches nineteen after August 1, shall be eligible for the remainder of that school year.

Section 3: Middle/Junior High School Regulations

Art. 1: Any student who reaches fourteen for the seventh grade, fifteen for *the eighth grade, or sixteen for the ninth grade, after August 1*, shall be eligible for the remainder of that school year. (*Exception: See Rule 29-3-1, Cooperative Agreement.*)

Art. 2: Any student who reaches fourteen on or before August 1, shall be ineligible for seventh grade competition, but may compete on a mixed grade team (any combination of middle/junior high school grades).

Art. 3: Any student who reaches the age of fifteen on or before August 1, shall be ineligible for eighth grade competition, but may compete on a mixed grade team (7th, 8th and 9th, or 8th and 9th, but not 7th and 8th grades).

Art. 4: Any student who reaches the age of sixteen on or before August 1, shall be ineligible for any middle/junior high school competition.

Art. 5: A seventh or eighth grade junior high school student in a two-year junior high school, who has reached the age of 15 on or before August 1, or a ninth grade junior high school student, may participate on a senior high school team with the approval of both principals provided both schools are under the same board of education or school board. A student who moves up under the regulation shall be ineligible for further middle/junior high competition in that sport.

NOTE: If this rule is to apply, the middle/junior high school must be a member of the KSHSAA, as it relates to moving students from the eighth (due to age) or the ninth grade up to the high school.

Rule 18 - TRANSFER

PURPOSE—The purpose of the Transfer Rule is to protect students from being displaced by those who change schools for interscholastic activity reasons. It is devised to eliminate “school shopping” after a student has initially chosen the school of his/her choice. This avoids transfers when the motivation is for activity purposes and prohibits recruitment. Students transferring who do not meet the criteria or one of the exceptions listed in Sections 1, 2 or 3, would otherwise be taking the place of a student in interscholastic competition who has met those requirements.

NOTE: In addition to the transfer rule, the student must meet all other rules and regulations, such as Age, Scholarship, Bona Fide Student in Good Standing, etc.

A student is eligible transfer-wise if:

- **BEGINNING SEVENTH GRADER**—A seventh grader, at the beginning of his or her seventh grade year, is eligible **under the Transfer Rule** at any school he or she may choose to attend.
- **BEGINNING NINTH GRADERS IN A THREE-YEAR JUNIOR HIGH SCHOOL**—So that ninth graders of a three-year junior high are treated equally to ninth graders of a four-year senior high school, a student who has successfully completed the eighth grade of a two-year middle /junior high school, may transfer to the ninth grade of a three-year junior high school at the beginning of the school year and be eligible immediately under the Transfer Rule. Such a ninth grader must then, as a tenth grader, attend the feeder senior high school of their school system. Should they attend a different school as a tenth grader, they would be ineligible for one calendar year for grades 9-12, eighteen weeks for grades 7-8.
- **ENTERING HIGH SCHOOL FOR THE FIRST TIME**—A senior high student is eligible under the Transfer Rule at any senior high school he or she may choose to attend when senior high school is entered for the first time at the beginning of the school year.
- **BONA FIDE MOVE**—If a student’s parents, or legal guardian in case neither parent is living, make a bona fide move to a new permanent residence in the vicinity of the new school to which the student transfers, the student is then immediately eligible. If the parents’ move occurs during the school year, see **Sec. 1, Art. 9**, for other timing factors.
 - **Guardianship Definition**—The term “guardianship,” while either parent is living, is not recognized for eligibility purposes. Only those appointed by the courts to a full personal and estate guardianship are recognized if both parents are deceased.
 - **Vicinity Definition**—The term “vicinity” is when a student continues to reside with his or her parents and commutes daily to and from school.

A student is ineligible if:

- **CHANGE IN SCHOOL IS MADE WITHOUT AN ACCOMPANYING MOVE ON THE PART OF THE STUDENT’S PARENTS**—If students change schools without an accompanying move on the part of their parents, they will be ineligible for interschool extracurricular activities for one calendar year for grades 9-12, eighteen weeks for grades 7-8, beginning with the first day of their attendance.

- **INDEPENDENT STUDENTS**—A student who is “on his or her own” and not dependent upon parents or a guardian for a home and who transfers from one school to another, is required to attend one calendar year for grades 9-12, eighteen weeks for grades 7-8 before becoming eligible.

FOR EXCEPTIONS AND ADDITIONAL INFORMATION REFER TO SECTIONS 1, 2 and 3.

Section 1: General Regulations (apply to grades 7-12)

Art. 1: USE OF FORMS—In transferring from one middle/junior or senior high school to another, each receiving school shall process and have on record a Certificate of Transfer (*Form T-E, T-E/P, FES, or T-E/H* found online at www.kshsaa.org) in behalf of each student, showing eligibility status, and a record of participation in interschool activities.

Art. 2: ONE CALENDAR YEAR OR EIGHTEEN WEEKS DEFINED—Students who must attend one calendar year for grades 9-12 or eighteen weeks for grades 7-8 to become eligible shall not participate until they have attended classes on the first day following one calendar year from the date of transfer for students in grades 9-12 or Monday (or the first day of school) in the nineteenth week for students in grades 7-8.

BYLAW ARTICLE XIII STATES, IN PART:

A partial week of school (which includes at least three days’ attendance) caused by holidays, teachers’ meetings, or any emergency, may count as one full week of school toward the eighteen weeks’ attendance requirement. Two or three partial weeks of school with a total accumulation of three days may be counted as one week’s attendance.

Art. 3: STUDENTS DEPENDENT UPON OTHER FAMILIES—The Executive Board may sanction the eligibility of students who move with families upon whom they have been continuously dependent for at least one year and with whom they have made their homes.

Art. 4: TRANSFER FROM NON-MEMBER SCHOOL—Students who transfer from a school which is not a member of the KSHSAA or an Association of any state as recognized by the National Federation of State Associations, may be declared eligible at the non-varsity level by the Executive Board. (*Process Form T-E/P—Send a copy of it and a letter of request for eligibility to KSHSAA, identifying the non-member school.*)

Exception: A non-member school student may be granted varsity transfer-eligibility upon return to the member school most recently attended.

Exception: A student participating on a member school team while attending a non-member school may be granted varsity transfer-eligibility upon enrollment at that member school.

Art. 5: SPECIAL TRANSFERS—Students who transfer from one attendance center to another within the same unified district (USD) when initiated by the school, may be declared eligible without a move on the part of the parents, provided policies on such transfers are clearly defined in board of education policy and provided both principals approve the “special” transfer. (*Process Form T-E—KSHSAA need not be involved unless a disagreement occurs.*)

Art. 6: POSSIBLE LIMITED ELIGIBILITY—When a student transfers schools under circumstances which do not meet other terms of the Transfer Rule, he/she may be granted eligibility to participate in interscholastic activities as hereinafter restricted if the student qualifies under the following terms and conditions:

- a. A student whose name was included on a school eligibility roster at any level (varsity, junior varsity, freshman, middle/junior high, etc.) for a given activity during the twelve calendar months preceding the date of such transfer can be eligible only for non-varsity competition in that activity.
- b. A student may have unrestricted eligibility in all other activities in which his/her name has not appeared on a school eligibility roster (at any level). Eligibility can be granted provided the activity eligibility is approved by the principals of both the sending and receiving schools and the KSHSAA Executive Board, and further, provided there is no activity purpose involved in the transfer. Approval must be granted on a special KSHSAA form (*Form T-E/P*).
- c. The student shall be ineligible for all activities for one calendar year for grades 9-12, eighteen weeks for grades 7-8 from the date of transfer in the event either or both principals or the Executive Board declines to approve activity eligibility.

Art. 7: DISCONTINUED SCHOOLS—Any student transferring from a closed or discontinued school shall be eligible for interschool activities immediately upon enrollment in another school, provided he or she attends a school in the vicinity of his or her home which is close enough so the student may continue to reside at home (*Process Form T-E*).

Art. 8: OFFICIAL CHANGE IN DISTRICT BOUNDARIES—Any student who transfers to another school because of a definite official change in school district boundaries, shall be eligible upon enrollment, provided transfer is made to the school into which district his or her home has been annexed, and provided enrollment in such school is not later than the opening of the school year following the official change of school boundaries. (*Process Form T-E*)

Art. 9: MOVE OF PARENTS TO NEW SCHOOL AREA—If a student’s parents move to the vicinity of a new school and the student elects to remain at the school in which he or she has been enrolled and attending, the student may do so without affecting his or her eligibility at that school.

If the parents move during the school year and the student wishes to transfer to the school in the vicinity of the new permanent residence, he or she may become eligible immediately under the following conditions (*Process Form T-E*):

- a. If the student transfers within ten days of the time of his or her parents' move, the student becomes eligible at once as far as the Transfer Rule is concerned.
- b. If the student remains until the close of the current semester or until the close of the school year, he or she may become eligible immediately upon enrolling in the new school and attending classes.
- c. If the student transfers within ten days after the end of an activity season in which he or she competed and which was in progress at the time of the parents' move, the student becomes eligible immediately. An activity season is interpreted as being "in progress" after a school has been represented in at least one interschool event in that activity.

NOTE: If a student does not transfer to the new school within the time span as explained above in a, b, or c, the student will remain eligible at the original school but would be ineligible at the new school, unless otherwise approved by the school from which he or she transferred and the Executive Board.

Art. 10: TRANSFERRING BACK TO HOME SCHOOL—If a student has lived and attended school away from home, he or she shall be eligible for interschool activities upon returning home and attending the home school (the school the student previously attended, if there has been no change in family residence), provided the student meets all other general eligibility requirements (*Process Form T-E*). This is not applicable for students who return to their member school after attending a school/academy which provides a specific athletic/activity focus.

NOTE: Questionable cases must be submitted to the Executive Board.

Section 3: Middle/Junior High School Regulations (none)

Rule 52 - CITIZENSHIP/SPORTSMANSHIP

INTRODUCTION—The effective American secondary school must support both an academic program and an activities program. We believe that these programs must do more than merely coexist—they must be integrated and support each other in “different” arenas. The concept of “sportsmanship” must be taught, modeled, expected and reinforced in the classroom and in all competitive activities. Therefore, all Kansas State High School Activities Association members stand together in support of the following sportsmanship policy.

PHILOSOPHY—Activities are an important aspect of the total education process in the American schools. They provide an arena for participants to grow, to excel, to understand and to value the concepts of SPORTSMANSHIP and teamwork. They are an opportunity for coaches and school staff to teach and model SPORTSMANSHIP, to build school pride, and to increase student/community involvement; this ultimately translates into improved academic performance. Activities are also an opportunity for the community to demonstrate its support for the participants and the school, and to model the concepts of SPORTSMANSHIP for our youth as respected representatives of society. **Sportsmanship is good citizenship in action!**

ALL ACTIONS are to be FOR, NOT AGAINST; POSITIVE, NOT NEGATIVE or DISRESPECTFUL!

Section 1: General Regulations (apply to grades 7-12)

Art. 1: SPORTSMANSHIP is a general way of thinking and behaving. The following sportsmanship policy items are listed below for clarification:

- a. Be courteous to all (participants, coaches, officials, staff and fans).
- b. Know the rules, abide by and respect the official's decisions.
- c. Win with character and lose with dignity.
- d. Display appreciation for good performance regardless of the team.
- e. Exercise self-control and reflect positively upon yourself, team and school.
- f. Permit only positive sportsmanlike behavior to reflect on your school or its activities.

Art. 2: Enforcement Procedure:

- a. It is encouraged and recommended by the Kansas State High School Activities Association that local boards of education adopt these regulations and reinforce them as indicated herein.

Rule 53 - INTERSCHOLASTIC ACTIVITIES

Section 1: General Regulations (apply to grades 7-12)

Art. 1: The Kansas State High School Activities Association (KSHSAA) is responsible for all interscholastic activities identified in the *KSHSAA Handbook* as being under the jurisdiction of the Association.

Art. 2: KSHSAA activities sponsored by outside agencies or non-member schools and advertised as middle/junior/ senior high school events or contests, must be approved by the KSHSAA Executive Board.

Art. 3: All other activities, including **academic events** not identified as Scholars Bowl competitions (*Refer to Rule 51-Scholars Bowl*) and those vocational and technical activities which are approved and governed solely by the Kansas State Board of Education are not under the jurisdiction of the KSHSAA, as they are not identified in the *KSHSAA Handbook*.

Art. 4: Each member school acknowledges that athletic contests and interscholastic competitions take place in the public. As such, there is no expectation of privacy in the images of student participants, coaches or others involved at such events. The KSHSAA and/or its agents or designees may take, distribute and use photographs of student athletes, coaches, officials and other participants at such events and use the same for publicity, marketing and other appropriate purposes, including event programs. The member school will take appropriate actions to notify its student athletes, coaches and participants of this provision.

HISTORICAL NOTES

The first interscholastic activities organizations were the State High School Debate League and the State High School Athletic Association, both of which came into being in 1910. The Debate League was centered in the Extension Division of the University of Kansas, although the governing body was composed of high school principals. Harold G. Ingham, Director of the University Extension Division, guided the debate activities until 1937.

The Athletic Association has been under the exclusive direction of superintendents and principals since its organization in the fall of 1910. It grew from a small, voluntary group of fewer than 50 high schools in 1910 and 1911, until the early 1920s when as many as 500 high schools were members. With the increasing interest in athletics came problems involving eligibility, sportsmanship, and outside agencies. A revision of the constitution in 1921 gave the Board of Control authority to assess penalties for violations, and some rather startling cases involving rules violations increased the prestige of the Association.

The time, attention and responsibilities required of the Board of Control led to a movement for a full-time executive secretary to serve as chief administrative officer. Membership dues were raised, a surplus created, and at the annual meeting in 1927, the Board of Control was authorized to employ a full-time executive officer and to establish permanent headquarters in Topeka.

Members of the Board of Control at that time were W.A. Wood, Pratt, President; C.W. Smick, Oberlin, Vice President; W.W. McConnell, Winfield, Secretary; E.R. Stevens, Independence, Treasurer; W.N. VanSlyck, Salina; and E.A. Thomas, Williamsburg. Mr. Thomas was later employed as the Associations first executive secretary. On August 1, 1927, headquarters was established in the National Reserve Building in Topeka.

In the early 1930's, a movement was started to organize an association to embrace all existing associations dealing with inter-school events and with authority to supervise and regulate all interscholastic activities. After a number of years of study and planning by committees representing the High School Principals Association and other organizations such as the Debate League, Typists Association, and Music Educators Association, the Board of Control and headquarters staff of the Athletic Association were requested to assist in the formation of a new Activities Association and to administrate its program.

In 1937, the Activities Association came into being. Speech and music activities were organized including speech clinics, debate tournaments and music festivals. During the year, plans were also made to institute an Athletic Accident Benefit Plan to provide a schedule of benefits for students injured in athletic contests and practice periods.

Additional services have been instituted until at the present time all high school activities involving students from member schools are carried on under the supervision of the administrative staff of the Activities Association. These include KAY Leadership Camp, Student Council Workshop and conferences and festivals and/or clinics for students and faculty interested in athletics, speech and drama, music, cheerleading and school-spirit groups.

The official magazine of the association, *The Kansas State High School Activities Journal*, is published four times a year. It contains important events, regulations and policies. Copies are distributed to all superintendents, principals, presidents of school boards and school personnel in charge of activities sponsored by the association.

High school principals discussed the feasibility of establishing a character building, leadership training club program for high school students. One of the main objectives was to provide training for active participation in citizenship projects. In 1946, upon recommendation of the high school principals of the state, the Legislative Council gave its approval. After considerable deliberation, it was decided to establish a special organization known as the Kansas Association for Youth.

In 1952, lots were purchased at 1300 Topeka Avenue for a new association headquarters. Construction was begun in April 1953, and the building was completed in December. On December 16, the new office was opened.

It was possible to increase the services to the schools with the addition of a printing department. This created a need for additional staff members and office space. The Executive Board authorized the purchase of ground at 520 West 27th in September 1967, for a new building. The property at 1300 Topeka Avenue was sold and the association was moved to 520 West 27th, in Topeka, Kansas, in August, 1968.

The KSHSAA was reorganized on June 3, 1958, in compliance with the provisions of Ch. 341, Laws of Kansas, 1955, as amended by Ch. 375, Laws of Kansas, 1957. The association had previously incorporated on January 16, 1956, under the corporation code of the State of Kansas. Major changes were made in the governing body to include six board of education or school board members, a representative of the State Board of Education, and a representative of the State Board for Vocational Education. Provisions of the law also required the establishment of an Appeal Board and the filing of an annual report with the State Department of Public Instruction.

On June 4, 1969, in compliance with the provisions of K.S.A. 72-130, 72-131, 72-132, 72-133, 72-134 as amended, the KSHSAA reorganized. The statute required changes in election districts for board of education representatives on the Board of Directors, two (2) representatives from the State Board of Education, and annual reports to be filed with the State Board of Education.

On April 21, 1993, K.S.A. 72-130 and 72-134 were repealed per House Bill No. 2067. A new governance procedure was enacted to reflect principals, superintendents, sizes of boards of education, State Board of Education, organizations, senior high leagues, gender, minority/ethnic and geographical representation, effective July 1, 1993.

In September of 2000, land was purchased at 601 SW Commerce Place in Topeka. Ground was broken in March, 2001 and a new office was completed in June 2002. The third office building in association history was dedicated September 18, 2002. The property at 520 SW 27th was sold after serving as the KSHSAA headquarters for thirty-four years.

On April 17, 2014, K.S.A. 72-130 was revised per Senate Substitute for House Bill No. 2197. Changes were made to allow the Governor to appoint at-large members of the Board of Directors which were previously made by the State Board of Education. The Governor's appointees serve six-year terms on the Board of Directors and beginning in the 2015-16 school year, two of the appointees will serve on the Executive Board in the second, fourth and sixth years of their terms. New language was added stating that no Board member may serve on the Executive Board until they have served at least one year on the Board of Directors. This change took effect on July 1, 2014.

On March 12, 2020, the state championship basketball tournament was canceled following quarterfinal games. On March 18, 2020, the spring season was canceled. These actions were in response to the national health crisis initiated by COVID-19. Activity participation resumed with risk mitigation protocols in place.

In 2021 all previous Kansas State Statue numbers were transferred by the Kansas Office of Revisor of Statutes. These changes are noted with new numbers throughout the Handbook. All changes took effect on July 1, 2021.

THE NATIONAL FEDERATION

The National Federation consists of fifty individual state high school athletic and/or activities associations and the association of the District of Columbia. Also affiliated are nine interscholastic organizations from the Canadian provinces of Alberta, British Columbia, Manitoba, New Brunswick, Newfoundland-Labrador, Nova Scotia, Ontario, Prince Edward Island, Saskatchewan and Quebec as well as the Canadian School Sports Federation and the associations of the Republic of the Philippines, Guam and St. Thomas.

These associations have united to secure the benefits of cooperative action which eliminates unnecessary duplication of effort and which increases efficiency through the pooling and coordinating of ideas of all who are engaged in the administration of high school athletic and activities programs.

ORIGIN AND GROWTH

The national organization had its beginning in a meeting in Chicago on May 14, 1920. L.W. Smith, secretary of the Illinois High School Athletic Association, issued invitations to neighboring states and state association representatives who came from Illinois, Iowa, Michigan and Wisconsin. The primary purpose of the meeting was to discuss problems which had resulted from high school contests which were organized by colleges and universities or by other clubs or promoters. In many cases little attention was given to eligibility rules of the high school associations or to other school group regulations; chaotic conditions had developed. At this first meeting it was decided that the welfare of the high schools required a more active part in the control of such athletic activities be exercised by the high schools through the state associations and this control necessitated the formation of a national organization. A constitution and bylaws were adopted and the group decided on the name "Midwest Federation of State High School Athletic Associations." Principal George Edward Marshall, Davenport, Iowa was elected president and Principal L.W. Smith of Joliet, Illinois was elected secretary-treasurer.

In 1921, four states, Illinois, Iowa, Michigan and Wisconsin, continued their interest and became charter members through formal ratification of the constitution. Largely due to their efforts, the national organization grew during the early years.

In 1922, the Chicago annual meeting was attended by representatives from all states and the name of the National Federation of State High School Athletic Associations was adopted. A number of college and university representatives who attended the meeting expressed sympathy for and interest in the efforts to introduce a high degree of order in the regulation of interscholastic contests.

Since that time the National Federation has had a healthy growth to its present nationwide membership. By 1940, a national office with a full-time executive staff became necessary and such an office was established in September of that year.

The legislative body is the National Council made up of one representative from each member state association. Each representative must be a state association chief executive officer or governing board member. The executive body is the Executive Committee of twelve members from the eight territorial sections as outlined in the constitution. Their election is by the National Council at its summer meeting.

STATEMENT OF PHILOSOPHY

The purpose of the National Federation of State High School Associations is to coordinate the efforts of its member state associations toward the ultimate objectives of interscholastic activities. It shall provide a means for state high school associations to cooperate in order to enhance and protect their interscholastic programs. In order to accomplish this, the National Federation is guided by a philosophy consistent with the accepted purposes of secondary education. Member state associations' programs must be administered in accordance with the following basic beliefs: Interscholastic activities shall be an integral part of the total secondary school educational program which has as its purpose to provide educational experiences not otherwise provided in the curriculum, which will develop learning outcomes in the areas of knowledge, skills and emotional patterns and will contribute to the development of better citizens. Emphasis shall be upon teaching "through" activities in addition to teaching the "skills" of activities.

Interschool activities shall be primarily for the benefit of the high school students who participate directly and vicariously in them. The interscholastic activity program shall exist mainly for the value which it has for students and not for the benefit of the sponsoring institutions. The activities and contests involved shall be psychologically sound by being tailored to the physical, mental and emotional maturity levels of the youth participating in them.

Any district and/or state athletic meet competition to determine a so-called champion shall provide opportunities for schools to demonstrate and to evaluate the best taught in their programs with the best taught in other schools and in other areas of the state.

Participation in interscholastic activities is a privilege to be granted to those students who meet the minimum standards of eligibility adopted cooperatively by the schools through their state associations, and those additional standards established by each school for its own students.

The state high school associations and the National Federation shall be concerned with the development of those standards, policies and regulations essential to assist their member schools in the implementation of their philosophy of interscholastic activities.

Non-school activities sponsored primarily for the benefit of the participants in accordance with a philosophy compatible with the school philosophy of interscholastics may have values for youth. When they do not interfere with the academic and interscholastic programs and do not result in exploitation of youth, they shall be considered as a worthwhile supplement to interschool activities.

The welfare of the schools demands a united front in sports direction policies and the high school associations provide opportunity for this unity. They must be kept strong.

Kansas State High School Activities Association

The Kansas State High School Activities Association became a member of the National Federation of State High School Athletic Associations in 1923. The National Federation is both a service and regulatory organization. It was founded on the premise it would provide service to individual state associations by controlling interstate athletic events. As its membership grew, the services of the National Federation also increased through expanding programs. The growth in size and influence of state high school associations and the National Federation ensures some degree of team work on the part of approximately 20,000 schools. This cohesiveness has enabled them to formulate policies and plans for improving interscholastic athletic conditions and to make these plans function.

HIGH SCHOOL STUDENT LEADERS

High school student leaders are not just those students who participate in National Honor Society, band, choir, drama, athletics, or other school activities or clubs. High school student leaders are students who have the ability to lead, or make a positive impression upon other students.

A student who has the desire and is willing to make a commitment to be a positive role model for younger students both in and out of school should be considered a student leader.

Webster's Dictionary defines leadership in this way: "**Leadership - to direct, as by going before, or along with.**" Students who are willing to make the commitment to be positive role models are truly student leaders, regardless of their background, socioeconomic status, academic ability, handicap or athletic capabilities.
