KANSAS STATE HIGH SCHOOL ACTIVITIES
JOURNAL
May 2020 | Volume 82
Now is the Time

As we approach the warmth of summer and bring closure to the most unusual school year any of us have experienced, we are one day closer to resumption of providing activities for the students in the member schools of the KSHSAA. While we do not have confirmation of that specific day, please rest assured there are plans in place, contingency plans at the ready, and more contingency plans to address all conceivable options for what might come. Before we get to that point, now is the time when we all need to do our part.

Now is the time to model and teach for our students. It is a time to listen to local and state health authorities and heed their advice and adhere to the restrictions in place. This is not the time to look for gray areas, to compromise student or community health by conducting activities to gain an advantage. Now is the time to respect authority, to let leaders lead, and to teach our students how to be a good citizen.

Now is the time to focus on what we can control. It is time to practice and teach appropriate personal hygiene. It is time to learn and grow in unique and creative ways. It is time to read, to write, to take the steps necessary for personal growth that will make you a better educator and more effective in your work with students. Now is the time for personal reflection on our why, to reinvigorate our core as we know administrators, teachers and coaches help shape our students in their todays and for their tomorrows. You matter to students, now is the time to prepare to be at the top of your craft.

Now is the time to for each of us to focus on what matters. It is time to value family, trusted friends, the value of education, and the communities in which we serve and in turn, shape our days and actions. It is time to value those relationships as we check-in with those in our sphere of influence and provide encouragement, while realizing personal refreshment. Now is the time to strengthen relationships with students by reaching out and letting each know they have your support.

Now is the time.

How High School Athletics Has Impacted My Life

Thump thump, thump thump. My heart beat out of my chest as I crossed the finish line on the track last April. You never know something that can happen so quickly can severely change your life. After running a race that I have ran over and over again, my body reacted in a way that it never has before. Taking immediate care of the situation, I was diagnosed with a rare syndrome, Wolff Parkinson White Syndrome.

I was overwhelmed with panic at the thought of my life long love of sports being taken away in an instant. Caught in such a whirlwind, my mind was filled with an abundance of questions. What is going on in my heart? How much longer will I have to wear a heart monitor? But most importantly, will I get to play the sports that I love my senior year?

Growing up with a sister who is four years older than me, I considered her to be my biggest role model. I watched her develop a dedication towards sports and all I dreamed of doing was following in her footsteps. I first began sports at the age of six and it immediately became my lifeline. Early on, my parents enrolled me in gymnastics in which I grew an immense passion for. In the gym three nights each week, I trained competitively for seven years. As I grew older, I began to become more involved in school activities. Raised in such a small school, I was pushed to participate in everything that was offered. Becoming so involved in my school, I started to rearrange my focus towards school sports.

During my years in high school, encouraged to try all that was available, I found myself involved in five different sports. With the low number of students in my school, coaches pushed for us athletes to dual sport during a single season. Up for any challenge, over the fall season I took on the role of being a dual sport athlete and competed in both volleyball and cross country. Although the moments seemed to be long as we practiced at least four hours each day after school, this experience taught me the importance of time commitment as well as the true definition of dedication to my team. Following the fall season I was also committed to basketball, cheerleading, and track and field. Being involved in this many sports did not allow for many days off throughout my years in school, but I would not go back and change any of it. High school athletics allowed me to set goals for myself and push to persevere through each obstacle in order to reach an end goal.

Never did I expect after running my 800 meter race last spring that my life would be changed significantly forever. Within a week from that race, I traveled to Children’s Mercy where I had a cardiac ablation done that cured my syndrome. I let out a deep breath as the worry of never again being able to experience the thrill of athletics and only watching from the sidelines soon began to fade away. This frightening experience taught me to never take what you love for granted, as I now have a new outlook as I enter each game. You truly never understand what you are blessed with until it is taken away, as athletics almost was for me.

Athletics has had a huge impact on me and my life throughout my four years of high school. I’ve played volleyball and softball both for four years, and I’ve played basketball for three years. Throughout the many different seasons, my various teams have made history for our school by winning two state titles and also having several more state appearances on top of that. Although winning is always fun and the ultimate goal, to me high school sports is more than your record or your accomplishments throughout the year. I think high school sports have impacted me the most by giving me valuable skills and tools I'll need for the rest of my life that aren't just physical.

The first valuable life skill that high school sports has taught me is responsibility. Athletes must recognize all of their choices and do what is best for the team as a whole and not just themselves individually. It may be what you choose to eat, how long you choose to study, how much effort you put into a drill at practice. No matter what the choice is, the result will affect the team along with the individual. Responsible athletes don't wait for a coach or teammate to
correct them or tell them to do something, they work on their own to improve themselves. They choose to do what’s best, such as going to class, doing their workouts, and working hard without having to be told to do it. They take responsibility for themselves and don't need constant supervision or motivation to get tasks done.

The next valuable life skill that I've learned is sportsmanship. Sportsmanship helps to instill respect in young adults. Whether it be a coach, teammate, opponent, or referee, athletes should show the same respect to all whether it be during a game or outside of a game. If you are disrespectful and constantly criticize your teammates or argue with the referees, people will view you in a negative way and not want to be around you. When you show good sportsmanship, it sets a good example for everyone watching and encourages future athletes to have the same respect.

The final life skill that high school sports has taught me is dedication. Dedication is a necessity of prosperous life, whether you are dedicated to your job, your spouse, or your children. Many former athletes are very successful in their futures because sports has instilled in them the dedication needed to go somewhere in life. Staying after practice to put in extra time or going into the weight room early to get in some reps shows your dedication and will set the standard for you and how hard you will work for the rest of your life. Being a hard worker and giving your full effort and dedication to something will always lead you in the right direction to achieve whatever you’re after.

Although the state titles and winning records during my high school sports career have been great, the life skills I've learned along the way have impacted me and will benefit me in my future endeavors. I believe the ultimate impact of high school sports isn't getting the best scholarship or winning every game. It’s preparing young adults for their futures and teaching them the necessary life skills to help them be successful.

I never thought I would have to swerve my path in order to achieve my dreams. As a three-sport varsity athlete, percussion section leader in my high school's drumline, marching band, and wind ensemble, active member in five national honors societies, a determined academic, and a devoted philanthropist in my community, my hardline determination and drive, in most cases, facilitated a straightforward path of success. However, when it came to achieving my lifelong dream of playing division one collegiate soccer and taking on two high school sports in the same season, I learned the importance of “swerving” in my aspiration to become an elite athlete. As a result, I persevered through adversity set by my naysayers and set a new standard in high school athletics at my school and throughout the whole state of Kansas.

Initially, I was not to play high school soccer or track and field at all. Playing for the soccer developmental academy program, my teammates and I were prevented from participating in high school sports. I did not originally prefer this option; it was seemingly the only avenue to get recruited for college soccer. Going into my club soccer season, I had plenty of collegiate interest and I was sure that I was going to acquire my division one offer soon. I was completely wrong. That year, I had a new coach and new team. All such freshness appeared beautiful to the eye, but we lost every game. In regards to my college recruitment, there was a fluke with my coach over circumstances beyond my control and my recruiting resultingly seized. It felt like my dream was over. Facing my reality was inevitable, but necessary for the development of my character. It took a while until I discovered this problem, and once I did, I took it upon myself to determine my future, swerving towards high school sports.

The first time I threw the javelin, I instantaneously fell in love. Carrying around a large hunting spear may appear violent and dangerous to the eye, but the sport itself encompasses one of the most graceful maneuvers, with its physical and technical intricacies. So, when I received the opportunity and support from my high school's athletic director, soccer coach, and track and field coaches to throw and play soccer all in the spring season while representing my school, I leapt at the opportunity. Inspired by the opportunity to improve and take my athletic career to the next-level, I started training extra in both sports after my high school soccer practices, and creating my own lifting regimens. I adhered to a strict diet, devoting my life to becoming the perfect athlete. In regards to my recruiting, calls and emails multiplied like malignant cells; I tenaciously sought out my dream, making a name for myself through the perilous adversity I had faced. My perseverance and determination through adversity no doubt facilitated a pathway to my future success, and I credit that to my experience in high school sports. More recently, I won the 2019 Kansas 6A State Javelin Championship and signed to play soccer at the University of Kansas, however without high school sports, I would not be the same resilient student-athlete when faced with adversity.

High school athletics has played a very important role in shaping me into who I am. They have helped build, not only my character, but other aspects of who I want to be and how my life is lived. I have learned a lot of lessons from being an athlete. Over the years, athletics has taught me perseverance, the ability to take responsibility, and a sense of commitment. I have had the ability to learn and better understand teamwork, building relationships and the value of having a cohesive team.

It has been surprising learning time management. This has been a huge benefit to me as I commit to practices, juggle classes and my very small amount of free time. I believe this will be really beneficial in my future, not only at college but in my job. Athletics teaches leadership, and the foundation of being a mentor, a good role model that people can look up too. This has been impactful for me with not only underclassman but community members and young kids. I have had the opportunity to use my position in athletics to reach out to students at the elementary and middle school level. My community has allowed me to become involved in other volunteer organizations, at other grade levels and with employment based on my position as an athlete at the school.

High school athletics has taught me the ability to be humble. It is a unique feeling to walk into my elementary mentoring class and have the kids get excited about my last game. It is hard to describe how much power I could have to share a bigger, better message. Athletics pushes me to continue to be the best I can be. People are watching… I need to keep it up so I don’t let them down.

Athletics has taught me trust. In each of the sports I participate in, I am a member of a team. It requires me to have trust in my teammates to do what needs to be done, to protect me if I run the ball, to pass me the ball to score or to hand me the baton to finish the race. I have had to learn to trust that my teammates will try their hardest and that they are there to help me become better.

Building relationships has been really important to me in high school and athletics has helped me do that. I have friendships with students that I didn’t know before, that have different interests and are in different grade levels. I have built relationships with coaches. I have had the opportunity to learn to trust and respect the coaching staff to not only help me improve but to build a healthy culture.

High school athletics exposes you to winning and losing. Winning builds confidence in my ability to play the game, to gain more knowledge and to feel the payoff. Losing has provided me with a true learning experience… people often say you learn from your mistakes and I feel like athletics has taught me that the only way I truly fail is if I stop trying.

I became an athlete for the enjoyment of the game but I have stayed an athlete because of the relationships I have built. The impact high school athletics has had on me will be something I remember; I will demonstrate and I will always use. It hasn’t been easy, but I am appreciative

KSHSAA Protocol Changes

As we seek to support member school needs in the coming weeks/months, please note the following:

• The KSHSAA office has re-opened for staff; calls to the office from our member schools are welcome during normal work hours; meetings are still being conducted via digital platform as we move through the recovery phases;

• The KSHSAA will not be printing or mailing the April or May Journal; these publications will be sent to member schools and stakeholders in digital format only;

• The KSHSAA will conduct all meetings utilizing technology and in a virtual format during the period school buildings are closed and meeting participation is limited;

• The KSHSAA conducted the March and April Executive Board meetings in virtual format;

• The KSHSAA conducted the May 1 Board of Directors meeting in virtual format;

• At the time of May Journal distribution, a decision on either a face-to-face or virtual format for the June Executive Board meeting has not been made; it is anticipated that decision will be made in late May;

• Meeting minutes will be provided to member schools and stakeholders in digital format; they will not be printed and mailed;

• School leaders should continue to expect and read resources provided in digital format regarding the work of the KSHSAA, including but not limited to the KSHSAA webpage, official KSHSAA social media, and specific emails and bulletins;

• The KSHSAA will review all protocols and benefit/cost as we seek to recover from significant reduction in major revenue sources (gate receipts and entry fees) due to the impact of COVID-19.

KSHSAA 2020 Summer Guidelines

Due to the COVID-19 pandemic, summer is defined as June 1, 2020 until Labor Day.

**Important Dates for 2020 – KSHSAA Handbook Rule 10-1-6**

The following are summer guidelines for KSHSAA sponsored activities passed by the KSHSAA Board of Directors on May 1:

When permitted by your community’s local health authorities AND your school district administration, while following all group gathering restrictions and social distancing expectations, school employed coaches may begin their summer programs with their prospective student participants no earlier than June 1. As always, participation by a student in the summer program is voluntary. Similarly, schools may choose what, when, and how often programs are available to their students. The following conditions apply for any summer activity taking place in a school facility and/or under the guidance of a school employee:

1. The first calendar week (minimum five days of conditioning) of a summer activity program for any sport are limited to a maximum of three hours of physical activity per student per day. Physical activity includes any warm-up, stretching, conditioning and weight-lifting activities. Organized competition sanctioned by an outside organization or between students from different schools shall not take place during this time.

2. Beginning the second calendar week (minimum five days of conditioning) of a summer activity program, cumulative physical activity time as defined in #1 should not exceed five hours per student per day. Organized competition sanctioned by an outside organization or between students from different schools shall not take place during this time.

3. Students may begin organized competition under the guidance of their school coaches beginning the third week of a summer activity program.

4. One-week school coaches team camps may begin after the ten-day acclimatization period detailed in 1 and 2 above and take place through August 15.

5. Traditional fall school practices begin, and Handbook restrictions resume, on August 17, 2020.

**Additional Guidelines for Basketball**

6. Basketball coaches may not hold team camp or work with their players between August 3 and August 16 as that time is dedicated to final fall season preparations.

**Additional Guidelines for Football**

7. Football must complete three calendar weeks of conditioning (minimum 15 days of conditioning).

a. During the first week, focus on strength and conditioning; limited individual football specific drills are allowed.

b. During the second week, strength and conditioning continues; football related non-contact drills are permitted.

c. During the third week, strength and conditioning continues; football related drills permitted; intra-squad 7 on 7 or 5 on 5 permitted; one-week coaches camp permitted (helmet only).

8. Following the conditioning period defined in number 7 and through August 3, the following may be conducted:

a. Coaches working with their athletes in football related activities

b. 7 on 7 competitions

c. 5 on 5 competitions

d. Coaches one-week team camp (helmet only)

e. Strength and conditioning continues

9. From August 3 through August 15, the following may be conducted:

a. Coaches working with their athletes in football related activities

b. Coaches one-week team camp (helmet only)

c. Strength and conditioning continues
10. One team vs team camp, which may be a college contact camp, is permitted this summer; must be conducted by a third party; maximum of two days; may be conducted anytime after the 15-day conditioning period until August 15.

Rationale - Many students have not had the opportunity to train on a regular basis this spring. A gradual acclimation to physical activity has been shown to lower risk of injury. If summer is delayed, a team camp right before the start of fall practice would probably be beneficial.

These recommendations are based upon an anticipated practice start date of August 17 for fall sports; if there is a delay in the start, the calendar of recommendations may be modified.

Football Helmets & Shoulder Pads
Member school football coaches may not conduct/sponsor a contact football camp. Shoulder pads may not be used during summer workouts/practices. With approval by the school district, school-owned football helmets may be used during the school coach’s one-week team camp. The school district must approve the use of helmet/shoulder pads by players at college or other summer camps. (These camps may not be sponsored by the school employed coaches.)

Fundraising to Pay for Athletic Camps
If students wish to fundraise to pay for summer athletic camps, clinics or tournaments, they may not do so at school-sponsored events. When soliciting money they must represent themselves as an individual(s), not as a school team. Any money collected for the purpose of paying for summer camps, clinics or tournament entries must not be deposited and run through a school account. Schools/booster clubs cannot be involved in funding these activities or distributing the money. Booster clubs, individuals and school or charitable foundations are considered the same as member schools in this regard.

Insurance Coverage
The KSHSAA catastrophic insurance policy does not cover these summer activities. Each coach is responsible for securing insurance for their camps, clinics, workouts or practices. Coaches should visit with their school administration about whether the school’s insurance policy extends to these activities as they are not “school programs” but rather coach programs. The KSHSAA catastrophic insurance does not cover these camps.

Pick-Up Games
May a coach invite other groups of kids from other schools to their facility to play “pick-up” games? Yes, but no school uniforms may be used and facilities must be rented/leased per board policy. School owned transportation may be used provided it is approved by the school district administration. KSHSAA catastrophic insurance does not cover these activities.

School Uniforms/Team Equipment
School owned uniforms, practice gear, shoulder pads and other individual player equipment cannot be used for coaches’ one-week summer camps, other camps, clinics, tournaments or gatherings of teams at schools to play games or scrimmage. Team equipment such as balls, blocking dummies and toss backs, etc., may be used provided use is approved by the school district.

School Facilities
School facilities may be used provided the school district has approved the use of the facility and the proper rental/lease agreements have been approved. Remember – these workouts, practices, camps and clinics are the coach’s, not the school’s.

Standard Calendar Week (SCW)
The KSHSAA numbers weeks in conjunction with the NFHS. Standard Calendar Week #1 will always be the first full week in July. A standard calendar week runs Sunday through Saturday.

Squad Limits
During the summer period, students may play on teams which include any number of students from their same school squad. There are no roster limitations on students from the Saturday before Memorial Day until the Tuesday after Labor Day.

Transportation (new summer 2015)
School districts may permit school owned transportation to be used to transport students to athletic summer camps, clinics, workouts or scrimmages with other schools. KSHSAA catastrophic insurance does not cover these summer activities. Individual school districts will decide whether to permit school owned transportation to be used for these activities.

Coaches’ One-Week Summer Camps (Rule 30-1-6):

Article 6: No school-organized spring or summer practice or school-organized summer camps shall be permitted (see Rule 20-1-1e, Awards).

A. A coach may organize and administer a one-week (per sport) camp for his/her players only, provided the following guidelines are met:

1. The school shall not be involved other than to approve the use of facilities, use of football helmets, dates and to be assured by the coach there will be no violations of KSHSAA rules and/or regulations.

2. It shall be conducted following the Saturday before Memorial Day and conclude before Sunday of Standardized Calendar Week #3.

For summer 2020 this section has been modified, per the KSHSAA Summer 2020 Guidelines found on the previous page.

3. Member schools, the coaches and coaches’ aides they employ may not conduct contact football camps.

4. School uniforms or player equipment (with the exception of helmets during the coach’s one-week team football camp) may not be used. If school facilities (gymnasiums, fields, balls, mats, etc.) are used, the coach must lease them per board of education policy.

5. Use of school owned football helmets at the school coach’s non-contact one-week camp is permitted if approved by the local Board of Education (Rule 30-1-6(4)a).

6. No coach or other school representative may require or, by implication, direct a student to attend a sports camp as a condition of team membership the following year.
7. A student shall not receive pay or expenses for working at a camp involving a sport in which he/she participates.

8. The camp program shall not include any type of competition with teams of another camp.

**Questions Regarding the Coach's One-Week Camp:**

1) **Does the KSHSAA Catastrophic Insurance cover the athlete, coach and/or school during these camps?**
   
   NO. It will be the responsibility of the coach and/or athlete to provide insurance.

2) **Does the week have to be consecutive days?**
   
   YES, the camp must be confined to a single calendar week, maximum of seven (7) days.

3) **What is the latest date a camp must end?**
   
   Basketball coaches one-week team camps must be completed prior to August 2. Other coaches camps may take place until August 15.

4) **May a coach charge for the camp?**
   
   That is a matter left up to the coach. Schools and/or booster clubs may NOT pay a student's camp fee.

5) **May a school booster club help finance either the coach's camp or provide financial assistance to a student wanting to attend a camp?**
   
   NO, a booster club is synonymous with a school.

6) **May a coach include attendance at their camp as a condition for lettering, or to determine starting positions on the team?**
   
   NO, attendance at all camps must be on a voluntary basis. A coach may not directly, or by implication, require a student to attend their camp.

7) **May a coach use another coach (college coach; from another middle/junior high or high school) to help at the coach's one-week summer camp?**
   
   YES, this is the coach's camp. They may have other coaches or individuals assist at their camp.

8) **There are 5 football coaches at our school. May each coach have their own one-week football camp?**
   
   NO. Only one camp per sport is allowed. ALL KSHSAA member school coaches may work with their athletes during the summer.

9) **Should the “assurances” as listed in KSHSAA Rule 30-1-6a (1-7) by the coach be in written form?**
   
   This is a matter to be determined by the local school.

10) **May the coach have their camp at a site other than their school?**
    
    YES, but all provisions pertaining to these camps apply wherever they are held. Coaches are encouraged to minimize the cost of camps.

11) **Can the camp permit scrimmages?**
    
    NO. Competition with other camps is prohibited. Intra-squad scrimmage within the camp is allowed.

12) **May the camp use the school's team equipment (balls, dummies, rebounder, pitching machine, wrestling mats)?**
    
    YES, team equipment may be used. School uniforms or player equipment may not be used. **Exception:** Use of school owned football helmets at the school coach's non-contact one-week camp is permitted if approved by the local Board of Education but not individual player equipment (pads, etc.).

13) **May the school compensate the coach either directly or indirectly for holding the camp?**
    
    NO, if the school compensated the coach it would then be the school's camp and not the coach's camp.

14) **Who may attend the coach's one-week camp?**
    
    Only those students who have attended or are presently enrolled at the school which employs the coach may attend that coach's camp.

15) **If a student attended a camp and subsequently transferred to another school, would that be a violation of the rule?**
    
    NO, a coach may only have a camp for his/her athletes. If the student was enrolled at the school that coach was employed by at the time the camp was held, even if the student later transferred, that student could attend that camp.

16) **A student moved into an area during the summer months and has not yet enrolled at any school. Several coaches in the area are conducting one-week summer camps. Which camp(s) may this student attend?**
    
    The student may attend only the camp conducted by the coach of the school in which he/she is enrolled or pre-enrolled.

17) **May a student who has graduated from the middle/junior high school attend a camp offered by a high school coach and another camp offered by the junior high school coach?**
    
    When a student is promoted from the middle/junior high school, they become a high school student and would only be permitted to attend the camp offered by the high school coach.

18) **The girls basketball coach at the high school is also the boys basketball coach at the junior high school. When they conduct their one-week summer basketball camp, may girls from the high school and boys from the junior high attend the same camp?**
    
    NO, the camp must be available to students from a single group or team. The coach could conduct a one-week camp for the high school girls and the following week for the junior high boys, or could conduct a one-week camp for the high school girls from 9 a.m. to noon and a one-week camp for the junior high boys from 1:30 p.m. to 4 p.m. (for example), but the two camps could not be conducted at the same time.
19) The high school girls basketball coach is also the junior high girls basketball coach. During the one-week junior high camp may girls from the high school come to the junior high camp to demonstrate drills, or serve as clinicians for the junior high camp?

YES, provided the camps occur during the same one-week period and both camps are administered by the same coach; otherwise, no.

20) Could the high school football coach and the high school volleyball coach from the same school combine their two camps by having their camps during the same week or conducted at the same time?

YES.

21) Are there stipulations or restrictions on how many hours a day the camp may last?

NO.

22) May the coach provide a T-shirt to those students attending the camp?

YES, as part of the camp registration, but not as an award. The shirt may not identify the camp as the school’s camp since the camp is the responsibility of the coach.

23) May the coach provide “awards” to those students attending the camp?

The only awards that could be provided would have to be in compliance with the provisions of KSHSAA Awards Rule 20. The coach’s camp would be governed by the provisions of Article 3: Outside Agencies—Non-School Participation.

24) May a school refuse to lease their facilities to a coach for use during the one-week summer camp?

YES. The school will make the final determination regarding leasing of their facilities.

Questions Regarding Camps Other Than the Coach’s Team Camp

1) During a summer camp there is a team period, or competition between teams. During this team period, or during competition between teams, may a school coach meet with campers from his/her school as a group or coach a team that includes athletes they would coach during the following school year?

YES. Provided the camp occurs prior to Monday of SCW #7 (Monday SCW #5 - football, basketball), coaches may coach a team which includes athletes from the team they would coach during the school season.

2) When does a coach/coach aide become subject to KSHSAA rules/provisions?

KSHSAA rules/provisions apply when a person is either under coaching contract to a school or has an understanding they will coach at the school.

3) Do KSHSAA rules/provisions apply to only the head coach or to all coaches, including coach aides?

These provisions apply to all coaches, which includes the head coach, assistant coaches and coach aides.

4) Do the same rules apply in all sports?

The rules regarding the coaches’ one-week camps are uniform for all sports.

5) May a school provide transportation from their school for students wanting to attend a summer camp?

The local school district administration can determine if school owned transportation can be used.

6) May the coach tell students which camps he/she wants them to attend?

NO, attendance at camps must be voluntary on the part of the student.

**2019-20 Journal Index**

The centerfold section of this Journal is a five-page index of rules, regulations and policies found in the monthly *KSHSAA Activities Journal* throughout the year.

Subjects are listed alphabetically, beginning with administration followed by sports and activities. Each subject is listed by the month in which it is found and the page number(s). *Handbook Rules* are listed on page I-3 of the Index.

Administrators should find this index reference beneficial in answering questions.

---

**Entry Forms Found Online**

For the 2020-2021 school year, all forms will be available on the KSHSAA website (www.kshsaa.org) beginning July 1. The forms are in an interactive PDF format which allows users to open the form, complete the information on the form, and then print the form to be faxed or mailed to our office. Selected forms may be completed online and submitted directly to the KSHSAA. Both the *Chronological Index* and *Index by Activity* can also be found online.

**KSHSAA Seminars for Athletic/Activity Administrators**

In an effort to serve the needs of school activities administrators, the KSHSAA annually conducts a series of seminars. **This year seminars will be shorter, with emphasis on Handbook Rule Interpretations applicable to veteran and new athletic directors.** This year, we will offer two new seminar dates designed for new administrators. These full day seminars will include the same information as the shorter, half-day seminars and they will include more detail on topics necessary to help new athletic directors get started.

**Who should attend?**

**This seminar is a must for first-year administrators or those new to Kansas, but everyone will benefit (principals, activity/athletic directors and clerical staff).**

**Why should we attend?** (We’re very busy getting ready for the start of school this time of year.)

The seminar is designed to help you **avoid problems and violations** in the administration of your school activities programs. You may save embarrassment, ineligibility for students and school violations by improving your understanding of KSHSAA rules, policies and procedures.

**What should we bring?**

The key people who work with your activities program, your *KSHSAA Handbook* and materials to take notes.

**Sites and Dates**

**New Athletic Director meetings (9 a.m. - 3 p.m.)**

- Friday, July 24 -- KSHSAA Office
- Monday, August 10 -- KSHSAA Office

**All Athletic Director meetings (9 a.m. - noon)**

- Monday, July 27 -- Dodge City HS
- Tuesday, July 28 -- Colby HS
- Wednesday, July 29 -- Maize HS
- Thursday, July 30 -- Salina-Central HS
- Friday, July 31 -- Lawrence-Free State HS
- Thursday, August 6 -- Parsons HS
- Friday, August 7 -- Olathe East HS

  Register onsite 8:30 - 9 a.m.

**Is there a cost?**

The seminar is a **free service** of the KSHSAA. Lunch is on your own.

**What information is covered?**

A brief overview of the organization and structure of the KSHSAA, important publications: *Handbook, Entry Forms*, directory, the KSHSAA calendar system, handling transfers, physicals, eligibility forms, *Handbook* rule interpretations, question and answer session.
Mandatory Student Eligibility;
Online Eligibility Instructions
(Form ELG)

You may begin entering 2020-2021 students into the
KSHSAA eligibility system on June 1, 2020.

There are three different options to submit the names of your
eligible student-athletes to the KSHSAA:

1. Submit each student’s name individually.
2. Pull forward the previous year’s student names who were
   not seniors (or 8th graders if a middle/junior high).
3. Upload a .csv or .txt file directly into the KSHSAA system.

**Option #1:**
- After logging in to the KSHSAA website and going to
  the Eligibility section, click on Manage Eligibility Participants.
- In this menu you will see the Add Participant option. You can add each student individually in this section.
- This is also the section you will go to if you need to print a list of students from the current year or a previous year.

**Option #2:**
- THIS OPTION ELIMINATES THE NEED FOR YOU TO RE-KEY ALL OF THE STUDENTS’ INFORMATION AS YOU WOULD IN OPTION #1.
- Once in the Eligibility section, click on Retrieve Previous Year. This will pull all non-senior (or non 8th graders if a middle/junior high) records submitted by your school from the previous year into a temporary workspace. THE RETRIEVE PREVIOUS YEAR option can only be used ONE TIME each year.
- Once the records are in this workspace you will need to edit each individual record with the current year’s physical date, first class date, semester counts, etc. Each individual record will need to be updated before you can submit the student to the KSHSAA.
- Any student records that were pulled forward from the previous year that are not ready to be submitted to the KSHSAA (still waiting on a physical date or other information) can remain in the workspace to be updated and submitted at a later time.
- Delete any students from the workspace that have moved or are no longer participating in athletic or spirit activities at your school.
- Any new students that were not in the previous year’s list (incoming 7th graders, freshman, transfers, etc.) will still need to be added individually, per the Option #1 instructions or uploaded per the Option #3 instructions.
- **VERY IMPORTANT:** Once the records have been updated in the temporary workspace, click on the Validate Records option. All records that pass validation will show a “Passed” message next to the record. Any information that is incorrect will be indicated in the corresponding student record. When the records you wish to submit have been validated, click Send to KSHSAA. If this final step is not completed, the student records will not be received by the KSHSAA.

**Option #3:**
- Once in the Eligibility section, click on Upload Student File. Follow the on screen instructions regarding setting up your file for uploading. If you have used this option in the past, the basic file type and format has not changed from previous years.
- Browse to select your file, and click Upload File to Workspace.
- The .csv or .txt file should remain open when uploading.
- Once the file has uploaded, it is in the temporary workspace. From this point follow the instructions in Option #2 to validate your records and send to the KSHSAA.
- **PLEASE NOTE:** The uploaded file HAS NOT been sent to the KSHSAA until all records have been validated in the workspace and you have clicked the Send to KSHSAA button.

Please note: You may use any combination of the above three options to enter your students throughout the year.

KSHSAA Partners in Recognizing Academic Excellence

Due to the coronavirus pandemic and mass gathering restrictions, the 2020 Governor’s Scholars Award Program did not take place this spring. However, the KSHSAA and our partner organizations in the Confidence in Kansas Public Education Task Force take great pride in recognizing the 530 seniors who earned this prestigious recognition by finishing in the top academic one percent of their class. See www.khsaa.org/Public/pdf/GovScholars20.pdf for a list of 2020 honorees. All award recipients will be receiving a certificate for this impressive achievement. Ninety-nine percent of the students earning this recognition participated in co-curricular activities throughout their high school career.

KSHSAA Student Advisory Team for 2020-21 Announced

The KSHSAA is pleased to announce the following student leaders to represent their school, league and classification as members of the 2020-21 Student Advisory Team (SAT):

*Denotes returning members from the 2019-20 team:

1A Senior  *Tanna Cunningham, Downs-Lakeside HS
1A Junior  Brady Deges, Montezuma-South Gray HS
2A Senior  *Carson Linnens, Hillsboro HS
2A Junior  Mayah Mumpower, Wabaunsee HS
3A Senior  *Kyra Smith-Blosser, Council Grove HS
3A Junior  Jaxson Haraughty, Columbus HS
4A Senior  *Evan Knight, Independence HS
4A Junior  Katy Harris, Atchison HS
5A Senior  *Joseph Langstraat, Basehor-Linwood HS
5A Junior  Elyce Pfeifer, Maize HS
6A Senior  *Camryn Herman, Olathe North HS
6A Junior  Giles Frederickson, Topeka-Washburn Rural HS

The purpose of the SAT is to receive information, provide input to the Executive Board and Association staff regarding KSHSAA issues; serve as a sounding board on proposals affecting students; provide input at Association meetings regarding proposals; network and communicate with other students regarding advisory committee positions; and express student opinion relative to KSHSAA activities, rules and policies.

The team meets twice a year, once in the fall and once in the spring.

88th Annual KSHSAA Coaching School - August 3-5, 2020

Start making plans to attend this year’s KSHSAA Coaching School August 3-5 at the Topeka Capitol Plaza Hotel-Maner Conference Center. For ONLY $85, coaches have a great opportunity to develop professionally as well as network with their peers.

Go to www.khsaa.org for conference and lodging information and online registration. The full event booklet, including a detailed schedule of speakers, is online now and the printed booklet will be available at the conference.

What is an Approved School?

What happens if we want to play an approved school or invite them to our event? These are questions asked by member schools. KSHSAA Bylaw Article I, Membership states, “Any public or private high school accredited by the Kansas State Board of Education, Independent Schools Association of the Southwest, or any other valid accrediting agency approved by the Executive Board, may become a member of this Association.”

Occasionally, there are small, private schools that do not have KSBE or other acceptable accreditation, who desire to
play KSHSAA member schools. To facilitate that possibility, years ago the KSHSAA added the following to Bylaw Article I, in Section 5, “Private schools which are not eligible for full membership in the KSHSAA, and which are not under suspension from this or any other state association, may be put on an “approved school list” and members of the Association shall be permitted to compete with schools on such list. Schools on the “approved school list” shall not be eligible to participate in Association sponsored activities or tournaments or events conducted for the purpose of determining an official KSHSAA championship.”

Q. What schools may KSHSAA member schools play?
A. By rule, KSHSAA member schools may only play other schools which are KSHSAA members or members of a counterpart state association. The only other schools eligible to play a member school are Kansas schools on the KSHSAA Approved School List.

Q. Are KSHSAA approved schools required to follow the same rules?
A. Some but not all. Approved schools must comply with many KSHSAA rules and account for this in their application each year. Approved schools may deviate from KSHSAA rules in areas such as scholastic eligibility requirements, transfer, number of games, length of seasons etc. Remember, KSHSAA member schools must always conduct their competitions in accordance with National Federation playing rules.

Q. How do I know if a school is on the KSHSAA Approved List?
A. The KSHSAA website www.kshsaa.org provides a list of all approved schools (continuously updated) for the current year.

Q. Does a game with an approved school count as one of a member school’s allowed competitions?
A. Yes. A contest with a KSHSAA approved school counts as one of the member school’s allowed games for the season.

Q. If we play a game against an approved school, does it count on our record for postseason?
A. Yes. The game counts as a win or loss in determining your final season record for postseason seeding.

Q. If we play an approved school, is our KSHSAA catastrophic insurance policy in effect?
A. The KSHSAA catastrophic and liability insurance plan will cover the Association member school, but it does not extend coverage to the approved school. Member schools are advised to discuss with risk management advisors as to whether this creates concerns.

Q. Can 7th or 8th grade students play on an approved school team in a game with a KSHSAA member school?
A. No. Only 9th-12th grade students may play in games with member schools.

Q. What about contract enforceability?
A. Since approved schools are not members of the KSHSAA, there is limited ability to force approved schools to honor game contracts.

Q. Once an approved school, always an approved school?
A. No. Schools apply for approved status annually. By August, schools desiring approved status should have completed the process. If they have not, they are not eligible to compete with KSHSAA member schools, and existing game contracts may be voided.

Q. May middle and junior high schools play against non-member schools?
A. Yes. The restriction on senior high member schools does not apply to middle and junior high schools. There is no such thing as an approved school at the middle and junior high school level.

Age Hardship Applications for Fall Activities (June 1)

Hardship applications per AGE RULE 17-1-1 for fall activities for the 2020-21 school year should be submitted on or before June 1. Use Form AGE from the principal’s Entry Forms (online). Hearings will be conducted in June, July and August. The student, parent or guardian and the school administrator must attend. It is recommended students take the AGE application form to their physician at their appointment for the annual physical and completion of form PPE. August 1 is the Age Rule cutoff date.

Form C-2 Annual Report (June 15)

Principals are reminded the Annual Report (Form C2), found online at www.kshsaa.org, for the 2019-20 school year is due to the KSHSAA no later than June 15. List only the names of those students who were reported online as eligible but lost eligibility during the school year and/or those students previously reported as scholastically eligible but who did not pass the required number of subjects to maintain eligibility for the next school year. Middle and junior highs should also provide copies to their feeder high school(s).

Combining Students for Activities Permissible - Rule 29 (June 1 Deadline)

Ninth, tenth, eleventh and twelfth grade students from member schools may be combined for interscholastic activity competition and field a common participating group (Rule 29). Schools must apply for next school year’s fall activities by June 1. The deadline date for winter activities is September 1, and January 1 for spring. Detailed information and application forms are available in Entry Forms (online).

No Use of School Uniforms/Equipment in Non-School Competition

The KSHSAA receives inquiries concerning the use of school uniforms for summer athletic/activity practice or competition. Participants in non-school events in any activity shall NOT wear school uniforms. All participation in summer athletic/activity non-school programs shall be unattached from the school. Use
of helmets and shoulder pads in all-star football games is permitted at the discretion of the member school. Member schools should check with their liability insurance carriers in determining their school’s policy.

Rule 13 Defines “Subject of Unit Weight”

Scholarship Requirements Rule 13-1-3 requires a student to have passed at least five new subjects (those not previously passed) of unit weight, or its equivalency, the previous semester or the last semester of attendance. Member schools are reminded of the following interpretation, authorized by the Executive Board, relating to “subject of unit weight”:

Only those courses offered by a school where “credit” is given may be counted toward the above rule. Whether or not the credit is counted toward graduation does not nullify the course offering from counting, since a school may provide opportunities for “electives” for which they give credit, but do not apply them toward graduation.

A KSHSAA subject of unit weight is synonymous to the Kansas State Department of Education (KSDE) definition of one half unit of credit.

The KSDE accreditation regulations define a unit of credit per 91-31-1(t) as follows:

- A unit of credit means one unit of credit earned for satisfactory completion of any approved subject taught for a minimum of 40 minutes daily, five periods a week for 36 weeks, or 120 clock hours.
- One half unit of credit is earned for approved subjects taught for a minimum of 40 minutes daily, five periods a week for 18 weeks, or 60 clock hours.

The KSHSAA, in establishing eligibility, will only recognize those courses which are recognized by the KSDE.

Administrators Reminded of Interstate Sanctions

When Kansas schools wish to host or participate in athletic/activity events which involve out-of-state schools or events which are sponsored by non high school organizations, sanctioning is required.

Sanctioning procedures and Form G can be found in the Entry Forms section of the website by selecting the “Yearly-Letter Forms” link.

It is the responsibility of the school hosting the event to initiate the sanctioning process and to obtain the sanction. IT IS THE RESPONSIBILITY OF THE SCHOOLS PARTICIPATING IN THE EVENT TO VERIFY THAT A SANCTION HAS BEEN OBTAINED.

KSHSAA Bylaw Article XIV - Approval of Events deals directly with interstate activities. Travel distances not to exceed 500 road miles of the border (perimeter) of the state of Kansas are participation limits for both Kansas schools and out-of-state schools. The following conditions require the sanctioning of interstate competition.

- Competition involving a school(s) from a state(s) other than Kansas and sponsored by a nonmember organization requires a sanction.

- Sanctioning is required from the KSHSAA but NOT the NFHS for:
  a. an interstate event in which four (4) or more schools from two (2) or more states participate;
  b. an interstate event which involves schools from three (3) or more states (all bordering Kansas).

- Sanctioning is required by the NFHS for any interstate competition by a member school involving:
  a. nine (9) or more schools, at least one (1) of which is from a state that does not border the host state;
  b. five (5) or more states, at least one (1) of which does not border the host state;
  c. two (2) or more schools which are co-sponsored by an organization outside the high school community (i.e. a university, a theme park, a shoe company) in addition to being sponsored by a member school.

- All requests for interstate athletic competition approval must include the names of invited schools, addresses, contact person, and telephone numbers.

- In interstate contests, each participating school is to follow the contest rules of the state association of which the school is a member or rules which have been approved by the state association for interstate competition.

Form A - NOT Required for Unsupervised Aide Renewal

By action of the KSHSAA Executive Board, schools are not required to file Form A from the Entry Forms (online) when seeking to renew an unsupervised coaches aide.

Form A is still required for all applications for supervised aides and first-time applications for unsupervised aides. Unsupervised aides may be re-employed in subsequent years in any activity by the same district without KSHSAA approval. Form A is NOT required to renew unsupervised aides.

Final Amateurism Reminder for Your Student-Athletes

Students enrolling full-time at an NCAA Division I or II college or university in Fall 2020 may request their final amateurism certification starting April 1. They must complete this task in order to compete their freshman year.

To request final amateurism, students should log in to their Certification Account at eligibilitycenter.org and:

- Review their added sports and answers to sports questions.
- Check their graduation and enrollment dates and update if needed.
- Review any open tasks and complete necessary information.

Wireless Microphones and FCC Bandwidth Information for Schools

There will be an upcoming change in the FCC bandwidth that could affect school wireless microphone systems. By 2020, wireless microphones in the 600 MHz and 700 MHz bands...
will be reduced due to the sale of these frequencies to wireless service providers. Below you will find a link with the FCC information. It will also be posted on the KSHSAA website homepage under NEW TOPICS and can also be found on the NFHS performing arts pages for your reference.

Some microphone companies are offering rebates to upgrade microphone systems that will be affected.

For more information see https://www.fcc.gov/wireless/bureau-divisions/mobility-division/wireless-microphones.

AED Checklist

Sudden Cardiac Arrest (SCA) is the number one cause of sudden death in student-athletes during activity. In the event of a sudden cardiac arrest episode an automated external defibrillator (AED) can save a life. Each minute defibrillation is delayed, the chance of survival decreases 10%. The following can serve as an AED checklist to be sure you are prepared.

☐ The AED is easily accessible at every practice/game location and available for use within 2-3 minutes (ideally it is onsite). The device is NOT in a locked or secured area where retrieval could be a challenge.

☐ Personnel are always available onsite who are trained in CPR and AED use.

☐ The AED is checked regularly to ensure it is working and the pads and battery are not expired.

☐ The Emergency Action Plan has been rehearsed PRIOR to the beginning of the season with everyone potentially involved in the emergency response.

☐ Someone has been designated to retrieve the AED if needed. This person knows the exact location of the device at all times.

Pre-Participation Physical Evaluation Form – NEW VERSION!

The KSHSAA PPE has been updated based on the most recent edition of the PPE: Preparticipation Physical Evaluation, 5th Edition publication. The updated edition was developed by the American Academy of Pediatrics and other supporting organizations.

Medical Eligibility Page:

This is the biggest change to the updated KSHSAA PPE which schools, students/families and healthcare providers should be aware of. This is a new page at the end of the PPE that requires a signature from the healthcare provider AND the parent/guardian. This page contains the student-athlete clearance and parental consent for participation and emergency treatment. This page can also be used to share relevant medical information with coaches (existing allergies, medications, medical conditions, emergency contacts) without needing to give them access to the full PPE.

Signature Requirements:

Healthcare providers must provide 2 signatures. Page 3 (physical exam page) and page 4 (medical eligibility page) both require the provider’s signature.

Parents/guardians must provide 3 signatures. Page 2 (health history page), page 4 (medical eligibility page) and page 5 (eligibility checklist).

A cover/instruction page is included with the PPE form outlining the requirements for each entity involved with this process. The current KSHSAA PPE form can always be found on the KSHSAA website.

Health & Safety Education/Training Requirements

Please be reminded of the following education and training requirements related to student health and safety:

1. Coach CPR/AED Training Requirement (Handbook Rule 10-1-9)

Any person serving in the role of a head or assistant sport coach/aid or a head or assistant activity sponsor/aid in a KSHSAA member school shall be certified or trained in Cardiopulmonary Resuscitation (CPR) and Automated External Defibrillator (AED) administration.

- Certification/training is valid for two years from the date of training.
- Online only training courses are not acceptable. There must be a hands-on component to the certification/ training program.
- School administrators are responsible to maintain proof of current certification for each coach/sponsor through the KSHSAA website.
- Training could be obtained from the following organizations:
  - American Heart Association
  - American Red Cross
  - American Safety & Health Institute / Medic First Aid
  - National Safety Council

2. Concussion and Head Injury Education Requirement

On an annual basis and PRIOR to the first practice of the season, ALL coaches, student participants and school administrators responsible for event coverage are required to complete a concussion education program. This requirement includes cheer and dance sponsors and participating students. Students and coaches involved in more than one sport only need to complete this training one time each year. It is recommended the program be completed prior to the start of practice during preseason team meetings or coaching in-service. Schools may choose to utilize the free “Concussion in Sports” and the “Concussion for Students” courses found at www.nfhslearn.com.

3. Heat Illness Prevention Education Requirement

On an annual basis and PRIOR to the beginning of fall sports practices, fall activity coaches/directors are required to complete a heat illness prevention education program.

- This requirement applies to all Fall sport coaches.
- This requirement applies to all Fall activity sponsors of activities taking place in potentially hot/humid environments including all cheer, dance and marching band sponsors.

Schools may choose to utilize the free “NFHS Heat Illness Prevention” course found at www.nfhslearn.com.
Additional information related to items #2 and #3:
- Group educational settings are encouraged.
- Schools may choose to work with local healthcare providers to offer in-person educational sessions to meet these requirements. These educational sessions should cover signs and symptoms, and appropriate management of these conditions.
- Additional information and suggested resources for meeting these requirements can be found at http://www.khsaa.org/Public/PDF/CoachEdRequirements.pdf.
- School administrators can maintain tracking of these requirements through the KSHSAA website.

Sportsmanship Course Requirement for Ejected Players
Any player ejected from a contest at any level of play (grades 7-12) for unsporting conduct or behavior will be required to successfully complete the free “NFHS Sportsmanship Course” online, prior to the KSHSAA and school reinstating his/her eligibility privileges. The school principal or athletic director is responsible to oversee compliance of this requirement. There is no cost for the course which takes approximately 20 minutes to complete. Schools are not required to submit the student’s certificate of completion to the KSHSAA but should retain it on file.

2020 Summer Coaching Rule Advisory
Information about the KSHSAA summer coaching rules can be found at www.khsaa.org>Schools>Coach/Athlete Info>KSHSAA Regulations during the Summer.

2020-2021 Coach Rules Meetings Update
During the 2020-21 school year all head coaches in KSHSAA sanctioned sports will again be required to attend a rules meeting for each sport in which they coach. All rules meetings other than gymnastics will be offered in an online format. The schedule for the availability of the online rules meetings and online exams will be posted on the KSHSAA website later this summer. Online meetings will be 45-60 minutes in length and will require interaction by the participant. Head coaches who do not fulfill this requirement in their respective activities will be required to complete an open book examination (Part 2) provided by the KSHSAA.

Head coaches also have the option to attend an in-person officials rules meeting (as a substitute to the online meeting) to receive credit for their sport requirements. The in-person officials rules meeting schedule will also be posted on the KSHSAA website later this summer. Coaches may use either the online or in-person option to satisfy their rules meeting requirements!

Spirit/dance, debate and speech & drama sponsors will still have the option to attend an in-person rules meeting or an online meeting to fulfill their requirements.

The KSHSAA strongly recommends head spirit coaches attend an in-person safety meeting if their team performs stunts during the school year.

Anyone attending an in-person rules meeting MUST present their attendance card to a KSHSAA representative at the conclusion of the meeting in order to receive credit for attendance!

Participating in Summer Sports? Protect Amateurism!
Administrators and coaches are encouraged to explain provisions of the Amateur Rule and eligibility regulations to students before they participate in summer athletic activities. Students may participate in summer sports without affecting future eligibility provided they do not violate Association rules (see Golf or Tennis Manuals, pages 6-7). A student who uses his or her athletic skill or knowledge for gain, or who plays with a professional team, or who competes for a cash prize, shall be ineligible for that sport (see Rule 21-1-1). In team sports, no member of the team may accept cash or merchandise awards.

Graduating Seniors, Future Officials?
Coaches and administrators agree, the best possible source for recruiting future athletic officials is the group of students graduating from your school this spring. Who better to learn to officiate the games they played and loved than those whose interscholastic playing careers are concluding? The KSHSAA website, www.khsaa.org, has a wealth of information available to assist you in this regard. By going to the Officials menu and selecting New Officials, information may be obtained on every aspect, from registration to rules meetings to uniform requirements. Please consider sitting down with your graduating senior athletes and actively encouraging them to explore this possibility. If every coach would recruit one or two young people to begin officiating, there would be no statewide shortage.

What are the benefits of officiating for the KSHSAA?
1. An opportunity to meet and work with students and others who share your interest in sports and in the educational development of young people.

KSHSAA Activities Journal
2. The opportunity to stay involved and give back to your favorite sport(s).
3. Personal growth in learning to make fair and firm decisions.
4. Maintain physical fitness and enthusiasm for sport.
5. A chance to earn extra money while in college or otherwise, and build valuable personal networks for your career interests.

2020 KSHSAA Game Day Spirit Showcase Competition for Cheer (4th Annual)

When: Saturday, November 21, 2020 (all day event)

Where: Stormont Vail Events Center-Landon Arena, Topeka

Who: KSHSAA Member High School Cheer Squads

One Cheer Squad per member school may participate with a grand total of 94 squads accepted to compete in six classifications on a first entered, first participate basis. Schools will be held on a waiting list and entries will be time stamped for acceptance if entries do not fill the allotted spots per classification. Example: If 4A fills its allotted number of teams but 2A does not, and an additional 4A school has the earliest time stamped entry, then that team will join the competition as a 4A squad.

Registration will begin at 8 a.m. September 30, 2020 and close at 11 p.m. October 6, 2020.

Number of Schools

1 squad per school allowed per classification

6A = 22 teams, 5A = 22 teams, 4A = 14 teams, 3A = 14 teams, 2A = 11 teams, 1A = 11 teams (94 Total Teams)

The KSHSAA reserves the right to combine classifications if needed.

What: The exciting Game Day format has three elements to the competition, which every squad will perform. Sideline practicality should be the highest priority in routine development.

1) Crowd Leading
2) School Fight Song
3) Band Chant

- Preliminary Round and Final Round
- Six teams from each class will advance to the final round
- The top six teams in the finals for each classification will medal, and the top three teams will receive trophies.
- All NFHS and KSHSAA Rules for Spirit will be highly enforced.
- All music must be recorded marching band music and follow all U.S. music copyright licensing laws.

The KSHSAA has again contracted with Varsity Spirit to manage our event. Varsity Spirit has the expertise and years of experience and administers many Game Day and similar events around the world. Varsity Spirit is the leader in the field nationally which ensures the 2020 KSHSAA Game Day Spirit Showcase Competition will be professionally organized. We are pleased to continue offering our exciting showcase competition for our member schools, cheerleaders and coaches.

How: Education and Training Opportunities for Game Day Coaches and Squads

Join us for our KSHSAA Summer Spirit Camps, KSHSAA Fall Spirit Spreader Clinics, and 2020 KSHSAA Coaching School for Dance Coaches. KSHSAA summer camp dates have been revised. Please visit the Spirit Activities webpage for the most current information.
The following officials have registered with the KSHSAA for the 2019-20 school year as of April 1 and have 20 or more years of service in an activity. We here at the KSHSAA wish to thank all officials for their service to the youth of Kansas.

KSHSAA Honors Athletic Officials for Dedication and Service

Each year, the Kansas State High School Activities Association recognizes and honors a select group of contest officials for their dedication and service to Kansas interscholastic athletic programs. The KSHSAA Officials Recognition Program started in the 1999-2000 school year to honor officials who have contributed significant years of service. Award plaques are given for 20, 30, 40 and 50 years of service to the youth and schools of Kansas. Officials reaching these milestones are recognized at a ceremony in conjunction with a state championship event.

Each school year approximately 4,000 men and women, including some high school students, become KSHSAA registered athletic officials. The Association registers officials in 10 of the 14 sports it sponsors. Officials at interscholastic athletic events not only provide for a fair and safe contest environment but also play an important role as participants in the educational development of high school students.

The KSHSAA was pleased to recognize these special individuals for their years of study, preparation, sacrifice of personal time and most of all, their enduring commitment to the schools and youth of Kansas.

Saluting High School Seniors as Spring Sports and Activities Remain on Hold

Dr. Karissa L. Niehoff, NFHS Executive Director

A visitor to the local high school in late March would normally find boys and girls engaged in track and field, baseball, softball and lacrosse practices. Inside the building, some students would be involved with speech or debate activities. Unfortunately, this is not a normal year – far from it.

Spring sports playing fields are empty. High school sports and activities, with more than 12 million participants, are on pause, and high school athletes, coaches, athletic directors, parents and other fans are trying to determine when these programs will return.

The ever-changing news we are receiving almost on an hourly basis is more than one can comprehend as we all deal with this global health crisis. Each day, with the spread of the Coronavirus, we try to determine what has changed since the day before. Can we go to work? Can we leave our house to go to the store?

Like every other activity in our nation, high school sports and activity programs are on hold. With all schools closed for varying amounts of time – some to the end of the academic year – millions of participants in spring sports and activities are on the sidelines awaiting the green light for competition to resume.

In past years, our member state associations and the 19,500 high schools across the country have had to postpone or cancel events for short periods of time due to weather or other factors, but this is unprecedented. The reality is that spring sports may never occur in some states – particularly those where schools are closed for the academic year. And this would be doubly disappointing in those states that were not able to conduct or complete state basketball championships.

The possibility of losing spring sports is particularly disappointing for graduating seniors. While everyone is affected by this health crisis and has their own issues to confront, it is important for everyone involved in high school activity programs to salute those seniors – boys and girls in sports and activities programs who have sacrificed for 3½ years but may not be able to reach the finish line.

While they may miss some of the final games and events, the benefits of being involved in these programs will carry them for a lifetime. The early-morning practices, offseason workouts and late-night studying after a day of activities will undoubtedly make them stronger and more dedicated in their future professions.

We thank all high school athletes and performing arts participants for the great memories – especially those who may not be able to complete their races or sing in the music ensemble this year. While some will have more competitive opportunities in sports and activities, for others that continued involvement may be in the form of coaching or officiating, but the impact of involvement in these programs will last a lifetime.

There have been times in the past when high school sports and performing arts helped individuals in communities through difficult times – events like weather-related disasters or school shootings as examples. We believe that these programs will play an even larger role once the Coronavirus pandemic subsides and we are able to return to normalcy.

Why? Because after our days, weeks and perhaps months of social distancing, teamwork will help us all come back together, and there is no better demonstration of teamwork than education-based high school sports and activity programs.

We all anxiously await the day when the whistles blow and the curtains rise again.

Dr. Karissa L. Niehoff is in her second year as executive director of the National Federation of State High School Associations (NFHS) in Indianapolis, Indiana. She is the first female to head the national leadership organization for high school athletics and performing arts activities and the sixth full-time executive director of the NFHS, which celebrated its 100th year of service during the 2018-19 school year. She previously was executive director of the Connecticut Association of Schools-Connecticut Interscholastic Athletic Conference for seven years.
Emergency Action Planning  
by Michael Pelton, MS, LAT, ATC, AEMT

Someone once said the “Five P’s” of success are – Proper Preparation Prevents Poor Performance. Nowhere could this statement be truer than in emergency preparedness. The KSHSAA and the KSHSAA Sports Medicine Advisory Committee (SMAC) remind you to take time to REVIEW your Emergency Action Plans (EAP) for the upcoming school year.

Adding a Sixth and Seventh P – Proper Practice!!
The KSHSAA SMAC would also like to remind all programs not only to review and update their EAP, but programs should also add Properly Practice to their EAP. It is great to have a plan, even to have a GREAT plan; however, if the plan isn’t practiced, it will not be as successful as possible. Practice MIGHT take place as you develop your plan and SHOULD take place with different combinations of people once the plan has been created.

The National Federation of State High School Associations’ (NFHS) Sports Medicine Advisory Committee and the Kory Stringer Institute both serve as excellent resources for developing EAPs. The guidelines are simple to follow and serve as great starting points. As you develop or revise your EAPs for EACH INDIVIDUAL sport venue, remember emergencies are not limited to just “athletes.” Emergencies can take place which involve coaches, officials and spectators as well. EAPs should be developed to include non-athletic emergencies such as slips and falls, diabetic or cardiac emergencies, etc., which could happen in debate, forensics, band and more.

As you prepare your local EAP, the following areas should be considered:

Personnel
A chain of command should be established which clearly states who will be making the decisions about scene safety, EMS activation, equipment retrieval and basic medical care of the injured. Each team member must have clearly defined roles. Be it managing the team or crowd, activating EMS (calling 9-1-1), or providing first aid, all roles ARE important!

Communication
Create an “Emergency Contact List” including phone numbers for EMS (it is amazing how even “9-1-1” can be forgotten in emergencies), local hospitals, Poison Control Center, certified athletic trainer, school officials, and other designated personnel. Contact lists should be updated and distributed to key staff each season. Communicate with local EMS before the season to review venue access points.

Equipment
Each team/venue should have a fully stocked first aid kit. Kits should be inspected on a regular basis and refilled as needed. It is highly recommended that each venue have access to an AED, airway management equipment and immobilization devices. Along with standard first aid items, be sure to have participant specific items such as inhalers, EpiPens, diabetic testing supplies, etc.

For venues with contact sports where specialized protective equipment is worn (i.e. football, lacrosse, hockey), staff should have access to and appropriate training in the use of facemask removal equipment. Staff should also be familiar with local EMS protocols regarding the removal of equipment in patients with suspected cervical spine injuries.

Outdoor venues should also have equipment for managing exertional heat-related emergencies (access to ice, submersion tanks, etc.).

Storm Shelter Locations
Remember, no place outside is safe when a thunderstorm is in the area. Part of the EAP should include preparing for inclement weather. Be sure to review local forecasts and have weather monitoring devices available. If inclement weather is a possibility, assign a weather spotter (with authority to suspend an event) to monitor for lightning or other weather changes.

The National Weather Service recommends seeking shelter in substantial buildings with wiring and plumbing to provide the greatest amount of protection. Once inside, stay away from windows and doors and anything that conducts electricity. Note: small buildings including dugouts, rain shelters, sheds, etc., are NOT lightning safe. In the absence of a substantial building, a hard-topped metal vehicle with the windows closed provides good protection.

Emergency Medical Care
Coaches and activity sponsors should be familiar with basic first aid and CPR (check the American Heart Association’s “Hands Only” CPR). First aiders should pay attention to mechanisms of injury and should be careful to protect the injured from any further harm. As a general rule of thumb, it is safer to get professional help to the injured rather than move the injured to help.

If a head, neck or spine injury is suspected, the injured should not be moved unless there are safety concerns. If the injured is unconscious, assume a head, neck or spine injury exists.

A plan should also be in place to monitor the Wet Bulb Globe Temperature (WBGT) which is a key indicator of exertional heat emergency risks.

If the injured is transported to a hospital, a legally responsible adult (parent, coach or administrator) should accompany them.

Participant Contact & Medical Information
Have access to emergency medical contact information for each participant including contact numbers for at least two different legally responsible adults, pertinent medical information (allergies, medications, special medical notes, etc.) and a signed consent for transport and treatment.

Prepare in advance to communicate with parents and team members, while protecting the patient’s confidentiality.

Game Day
On competition day, scan the venue to make sure it is free of any hazards. Contact teams and officials before the contest to review key EAP points such as onsite medical personnel, EMS entry points should be unlocked/accessible and inclement weather plans are in place. Be sure communication devices and first aid supplies are working, onsite and ready to use.

Catastrophic Incident Plan
Fortunately, injuries involving permanent disability or death are rare. Because of the heavy emotional impact (short and long term) and the potential for legal or media interaction, a separate CATASTROPHIC INCIDENT PLAN should be created and reviewed with district level administrators.
Additional information and other emergency action planning key resources are available under the Sports Medicine & Safety tab on the KSHSAA website (www.KSHSAA.org), the NFHS website (www.nfhs.org), the Kory Stringer Institute (www.ksi.uconn.edu) or the National Athletic Trainers’ Association website (www.nata.org).

Revised and summarized from:

Michael Pelton is a Health Sciences Teacher and the Head Certified Athletic Trainer at Dodge City High School. He is also a former member of the KSHSAA Sports Medicine Advisory Committee.

KSHSAA Guidelines for Lightning Safety

1. When thunder is heard or cloud-to-ground lightning is seen, the leading edge of the thunderstorm is close enough to pose a lightning risk. Suspend play and take shelter immediately.
2. Once play has been suspended, wait at least 30 minutes from the last sound of thunder or lightning strike witnessed before resuming the activity.
3. Any subsequent thunder or lightning strike during the 30 minute waiting period resets the clock, and a new 30 minute waiting period begins.

Any time lightning can be seen or thunder heard, risk is present!

BASKETBALL

Basketball Summer Regulations

Transportation
School districts may permit school owned transportation to be used to transport students to athletic summer camps, clinics, workouts or scrimmages with other schools. KSHSAA catastrophic insurance does not cover these summer activities. Individual school districts will decide whether to permit school owned transportation to be used for these activities.

Insurance Coverage
The KSHSAA catastrophic and liability insurance policy does not cover these summer activities. Each coach is responsible for securing insurance for their camps, clinics, workouts or practices. Coaches should visit with their school administration about whether the school’s insurance policy extends to these activities as they are not “school programs” but rather coach programs. The KSHSAA catastrophic insurance does not cover these camps.

Squad Limits
During the summer period, students may play on teams which include any number of students from their same school squad. There are no roster limitations on students from the Saturday before Memorial Day until the Tuesday after Labor Day.

Fundraising to Pay for Athletic Camps
If students wish to fundraise to pay for summer athletic camps, clinics or tournaments they may not do so at school sponsored events. When soliciting money they must represent themselves as an individual(s), not as a school team. Any money collected for the purpose of paying for summer camps, clinics, tournament entries must not be deposited and run through a school account. Schools/booster clubs cannot be involved in funding these activities or distributing the money. Booster clubs are treated the same as member schools in this regard.

School Uniforms
School owned uniforms, practice gear and other individual player equipment CANNOT be used for coaches’ one week summer camps, other camps, clinics, tournaments or gatherings of teams at schools to play games or scrimmage. Team equipment such as balls, toss backs, etc., may be used provided use is approved by the school district.

Pick-Up Games
May a coach invite other groups of kids from other schools to their facility to play “pick-up” games? Yes, but no school uniforms may be used and facilities must be rented/leased per board policy. School owned transportation may be used provided it is approved by the school district administration. KSHSAA catastrophic insurance does not cover these activities.

More information can be located by going to www.khsaa.org>Schools>Coach/Athlete Info.

CROSS COUNTRY

2020 Regional Cross Country Meets
Regional cross country meets for all classes will be held on October 24, 2020, which is an ACT testing date. There are multiple opportunities to take the ACT test during the school year and schools should encourage students to look at alternative dates. The Executive Board has approved a morning start time for regional cross country meets. Once host sites are selected start times will be determined but will likely start in the morning. If interested in hosting a regional cross country meet please indicate on ADM-13. You may also contact Francine Martin (fmartin@khsaa.org) if interested in hosting.

Outside Competition Rule Updated to Reflect Calendar
At the Fall 2019 KSHSAA Board of Directors Meeting it was unanimously approved to modify Rule 22, Outside Competition, Section 1, Article 1 as follows: A student who is a member of a school athletic, scholars bowl or debate squad effective Tuesday following Labor Day through Friday preceding Memorial Day may not participate as a member of an outside team or as an independent competitor in the same sport, scholars bowl or debate activity. (Exception: See Rule 4, United States Olympic Committee-Sponsored National Trials and Competitions.) Therefore, once a student begins practice with a school team (fall practices may begin Monday, August 17 this school year), the student may not compete in road races, Labor Day races, fun or charity runs or any race where time is kept and a winner is determined. This will be a change, as previously cross country runners could compete in non-school races until the Tuesday following Labor Day.
**2020 State Cross Country Meets**

The state cross country meet is October 31, 2020. Lawrence-Free State High School will host the 2020 Class 3A, 5A, 6A State Cross Country Meet at the Rim Rock Farm course north of Lawrence. The University of Kansas is charging a parking fee to use the course. An additional dollar will be added to the price of the ticket, which will go directly to KU Athletics for parking.

**Classes 3A, 5A, 6A - Saturday, October 31, 2020**

10:00 a.m. – 6A Boys  
10:35 a.m. – 5A Girls

**FOOTBALL**

**Duties of District Chairperson**

An important part of the football playoff system in Kansas is the role of the district chairperson.

Historically, the person selected to this position is a school administrator or athletic director of one of the schools assigned to that district. The individual selected for this position serves for two years (or until new district assignments are made, i.e., every even numbered calendar year). As soon as the chairperson is selected, he/she should contact the KSHSAA office and report that they are the district chairperson. This is a necessary step in order for the KSHSAA to know who to contact for scores, if not reported online.

The district game schedule is set up on the basis of a two-year home and home schedule. All district games should be played during the last playing dates of the regular season, unless otherwise approved by the KSHSAA. All schools in the district must play all the other schools in that district. The district schedule for all schools in that district must be structured before any contracts for games with schools outside the district will be binding. If a district game schedule cannot be set via a unanimous vote of all schools assigned to that district, then each team will draw a number and the schedule would be determined according to a formula that can be found in the KSHSAA Football Manual.

Once the district schedules are determined, member schools are encouraged to call the KSHSAA with their open dates. This information will aid the KSHSAA in its efforts to serve as a “clearinghouse” and information resource for schools with respect to filling open dates. The KSHSAA administrative staff is often contacted by not only Kansas schools but schools in neighboring states looking for schools to play on certain dates.

Once set, the arrangements for district games would be similar to those for a regular season game. The KSHSAA will not be involved in the assigning of officials, setting game times, etc., for the district games. The KSHSAA involvement will be with the regional, sectional, sub-state and state games. Schools participating in district games should hire the officials, set ticket prices, establish any guarantees that are necessary, determine the policy on game programs and establish any policy on banners, signs and artificial noisemakers (if it deviates from KSHSAA playoff policy). If issues come up which were not addressed by the schools involved in the game prior to the start, a policy established by the home game management will prevail.

**GYMNASTICS**

**August Rules Meeting**

All high school head coaches and KSHSAA registered judges are required to attend a KSHSAA rules meeting prior to the start of competition for the 2020-2021 season. This year there will be one rules meeting.

**Saturday, August 29 - 10 a.m**

Shawnee Mission North High School

While assistant coaches are not required to attend this rules meeting, with the important role that gymnastics assistant coaches have, THE KSHSAA WOULD STRONGLY RECOMMEND THAT ALL ASSISTANT COACHES ATTEND WITH THEIR HEAD COACH.

**BOYS GOLF**

**Summer Golf Tournaments**

It is not a violation of KSHSAA regulations for students to participate in any type of golf tournament during the summer.

- Students may not accept cash or merchandise and may not violate the Amateur and Award Rules.
- If a student participates in a team scramble, no one on the team may accept cash or merchandise.
- Students who take part in a Calcutta Tournament must not permit themselves to be purchased. This would be a violation of the Amateur Rule.
- Medals, trophies and t-shirts are acceptable prizes and are not considered merchandise.
- Receiving a sleeve of balls, etc. as part of the entry fee is not a violation of the Awards Rule.

**COACHES, PLEASE SHARE THIS INFORMATION WITH YOUR ATHLETES AND THEIR PARENTS!**

**Outside Competition Rule Updated to Reflect Calendar**

At the Fall 2019 KSHSAA Board of Directors Meeting it was unanimously approved to modify Rule 22, Outside Competition, Section 1, Article 1 as follows: A student who is a member of a school athletic, scholars bowl or debate squad effective Tuesday following Labor Day *Monday SCW #7* through Friday preceding Memorial Day may not participate as a member of an outside team or as an independent competitor in the same sport, scholars bowl or debate activity. (Exception: See Rule 4, United States Olympic Committee-Sponsored National Trials and Competitions.) Therefore, once a student begins practice with a school team (fall practices may begin Monday, August 17 this school year), the student may not play on an outside/club team. This will be a change for boys’ soccer athletes who in the past were allowed to continue playing on an outside/club team through the Tuesday after Labor Day even though they may have begun practicing with their school team.

VOLLEYBALL

2020 Kansas Volleyball Officials Clinics

WHO: KHSAAA REGISTERED VOLLEYBALL OFFICIALS, NEW VOLLEYBALL OFFICIALS & ALL VOLLEYBALL OFFICIALS WITH 0-10 YEARS OF NON-VARSITY EXPERIENCE

WHAT: 9 KANSAS VOLLEYBALL OFFICIALS CLINICS
One-half day clinic provides hands-on experience in officiating for 0-10 yr. Kansas volleyball officials.
- Clinic features classroom sessions and on-court work with team scrimmages;
- Clinics conducted by KHSAAA Volleyball Area Supervisors;
- KHSAAA participation in content to provide volleyball consistency across the state;
- NFHS rules/mechanics strictly followed.

WHEN/WHERE:
SATURDAY, AUGUST 15 - Cimarron HS; Clearwater HS; Seneca-Nemaha Central HS; Shawnee Mission South HS
SATURDAY, AUGUST 22 - Colby HS; Hutchinson HS; Iola HS; Lyndon HS; Salina-Lakewood MS

COST: ONLY 4+ HOURS OF YOUR TIME

PRE-REG: Attendees are not required to register for a clinic HOWEVER, for planning purposes, it would be helpful for attendees to contact clinic organizer at least 1 week in advance regarding your intentions to attend (see below for contact info; *=text acceptable as well).

ATTIRE: Comfortable clothes, court shoes (volleyball uniform not necessary). Wear wristwatch.

NOTE: Some gymnasiums are air-conditioned, some are not – so, be prepared.

BRING: Whistle and personal courtside equipment bag (i.e., line-up card and pencil, red/yellow cards, rules book and case book, flipping coin, etc.)

WHY ATTEND? Because Kansas volleyball players deserve the best officials we can provide!

Preparation in officiating is never-ending. And there are no shortcuts to becoming a competent official. To be a successful official, one must have a complete command of the rules and a fundamental understanding of the game. In addition to court time, these clinics provide the opportunity to learn from one another and develop a strong camaraderie with other officials. It is especially important that we continue to add newer officials and train them to have success.

NOTE: Attendance at a clinic will count in lieu of a Series 1 or Series 2 KHSAAA Area Supervisor Meeting for officials wishing to fulfill postseason requirements.

Summer Info & Dates
See the KSHSAA website for updated information throughout this decision making time.

Line Judges
The KSHSAA Executive Board strongly recommends adult line judges for all high school regular season varsity matches. It is recognized many schools will continue, and should continue, using qualified adults if they are available.

PLEASE NOTE: The Executive Board strongly recommends that schools provide line judges for all matches at all levels of play. The Board requires the use of adults to serve as line judges for all KSHSAA postseason tournaments (sub-state and state).

Good line judges are essential for a volleyball match. They are assistant officials and provide valuable assistance to the referee. The line judge must be able to ignore spectator criticism and maintain complete concentration on the game. NOTE: Schools must maintain appropriate sporting conduct at all matches. It is the host school’s responsibility to select, instruct and train line judges. (The KSHSAA has information online for schools to use in training these important officials.)

Volleyball Line Judge Flag Q & A
Line judges at all KSHSAA high school varsity matches will be required to use a red flag when carrying out their duties.

The flags are to be solid red in color and of a recommended size of approximately 12 inch by 12 inch to approximately 16 inch by 16 inch. The flag and hand grip should be securely affixed to the pole.

Flags are sold in sets (2 flags). A set is needed for each court being used for competition.

1. Q: Are the line judge flags to be used at all inter-scholastic volleyball contests?
   A: The flags are required for KSHSAA high school varsity matches. Use at sub-varsity matches is not required but recommended.

2. Q: How many sets of flags will our school need to have?
   A: Each court will need a set (2 flags). Each court being used for competition will need a set.
3. Q: What are the training opportunities for our line judges?
   A: The KSHSAA has provided online information for the use of these flags. It is recommended that your line judges watch this presentation prior to working a match. In addition, it is suggested that potential line judges work a pre-match scrimmage.

4. Q: What do we do if the varsity line judges do not have a red flag?
   A: Play the match without flags. Officials will notify the KSHSAA following the match.

5. Q: Do registered officials need to have a set of flags for the matches they officiate?
   A: NO. It is the school's responsibility to provide the flags for the line judges unless other arrangements have been made.

Preparing for the 2020 Season
The 2020-21 school year will be here before you know it! Please be reminded of a few items as you prepare for your volleyball season.

1. Proper Court Markings – Attention to your volleyball court now will provide for a smooth transition into the fall season. Information on court markings is located at www.kshsaa.org>Athletic>Volleyball>Announcements>Court Diagram>Rule 2&3.

2. Volleyball – The Baden model VX5EC-220 is the official postseason volleyball. This is a color panel ball and the official colors required for postseason play will be model 220-light blue, grey and white.

   As in the past, member schools will be permitted to utilize any brand of volleyball in their regular season competitions provided it complies with NFHS playing rules and carries the NHFS authenticating mark. In KSHSAA postseason play, the Baden VX5EC-220 color panel volleyball (light blue, grey and white) will be required for play.

POTENTIAL QUESTIONS

Q1: Can a KSHSAA member school continue to use an all-white volleyball during regular season competition?
A1: YES, as long as the competition volleyball has an NFHS authenticating mark.

Q2: When hosting a regular season match, may a KSHSAA member school use a color panel ball in their school colors?
A2: YES, as long as NFHS Rule 3-2-1 is observed: All panels of the ball shall be solid white or a maximum combination of three colors (with each panel being a solid color) and of which at least one-third (1/3) of the panels shall be solid white.

NOTE: NFHS Volleyball Rule 3-2-2: The home (host) team shall provide the competition volleyball.

Q3: If a member school is identified with three school colors (example: red, black, grey), may they play with a ball using these three colors?
A3: NO. See A2 above. At least one-third (1/3) of the panels shall be solid white.

Q4: Can a school play with a competition volleyball that is half white and half one other color?
A4: YES.

DEBATE, SPEECH & DRAMA

Rules Meetings REQUIRED
Seven speech rules meetings will be conducted throughout the state during the months of August and September. All high school debate, speech & drama head coaches are required to attend a KSHSAA sponsored debate, speech & drama rules meeting each year. Coaches will have an option of attending a face-to-face meeting (see schedule below) or completing the requirement online. The online meeting will be available for credit from August 17 until October 4. Instructions for how to log on and view the online meeting will be mailed to athletic directors by the first of August along with the Debate, Speech & Drama Manuals. Coaches attending a face-to-face meeting should bring the attendance card DE-1 (debate) and SP-1 (speech & drama) and turn it in at the face-to-face meeting. Schools with coaches failing to attend a face-to-face meeting or complete the online meeting by October 4 will be subject to a $25 fine and their school will be listed in the Activities Journal.

Meetings will begin at 7 p.m. at the following sites:
Tuesday, August 25 - Salina-Kansas Wesleyan University

---

continued → 37
Monday, August 31 - Valley Center HS
Tuesday, September 1 - Garden City HS
Thursday, September 3 - Hays HS
Tuesday, September 8 - Chanute HS
Wednesday, September 9 - Topeka, KSHSAA Office
TBD - KSCA Conference, University of Kansas

National High School Debate Topic Announced
The high school debate topic chosen by the majority of states, including the majority of Kansas coaches, to be used for the 2020-21 school year is: Resolved: The United States Federal government should enact substantial criminal justice reform in the United States in one or more of the following: forensic science, policing, sentencing.

KANSAS ASSOCIATION FOR YOUTH

2020 KAY Leadership Camp Canceled
Due to the challenges and uncertainty associated with COVID-19, I regret to inform you that KAY Leadership Camp (KLC), scheduled for July 27-31 at Rock Springs 4-H Center, will be canceled for this summer.

KLC 2020 was on track to be a SUPERFANTASTIC EXPERIENCE! An outstanding staff of 35 leaders was assembled and camper registrations came in at a record pace with our max of 285 campers reached in early May. However, the uncertainties associated with COVID-19 have caused us to put KLC on hold until next summer.

Camp fees that have been deposited by the KSHSAA will be reimbursed with checks payable to the individual/institution that wrote the checks. Checks not deposited will be returned to the sender. KAYAN and Vinson Camp Scholarships, announced on May 4, will not be paid.

The presence of COVID-19 has caused a multitude of changes to our lives like nothing this generation has ever seen. While it has taken away our normal “take-for-granted” lifestyle, it has also given each of us an opportunity to discover, be creative and grow in unique ways.

While COVID-19 has impacted our daily lives, it will not define who we are. Throughout this pandemic, KAY clubs have been on the go with a variety of service projects – honoring senior members, celebrating birthdays, Earth Day, May Day KAY Day and so much more. The KAY program and its membership is stronger than ever before. The character, leadership and service given by KAY students are lifelong skills and experiences that can never be taken away.

The KSHSAA staff is busy planning and preparing for athletic and activity programs for the 2020-2021 school year. We are looking forward to the time for all Kansas students to participate in these education-based opportunities. PLEASE NOTE: The KLC staff will be developing some virtual opportunities for campers, members and KAY sponsors. I will communicate with you as these sessions are prepared and a timeline for their availability.

I look forward to seeing you this fall at a KAY Regional Conference and definitely next year at KAY Leadership Camp.

Mark your calendar now – July 26-30, 2021 for KLC at Rock Springs!

- Cheryl Gleason

KAY Participation Form
All schools participating in the Kansas Association for Youth program for the 2020-21 school year will need to complete a KAY PARTICIPATION FORM next fall. This form (KAY-1, located in section 8 of the online KAY Handbook) should be mailed or faxed to the KSHSAA after August 1 and before August 20. NOTE: Upon receipt of this form, your KAY club will be mailed updated KAY materials, membership cards for the 2020-21 school year and information about online material.

“GET TO” Go To Camp!
Why attend KAY Leadership Camp?
• To enjoy fun and laughter and make new friends from
  all over the state!
• To strengthen teamwork and leadership skills, discover
  hidden talents and learn to assume responsibility.
• To discover exciting ways to serve your school, community,
  nation and world.
• To gain self-confidence and learn from the staff members
  and other campers.
• To enjoy and appreciate the beauty of nature (Rock
  Springs 4-H Center).
• To survive and grow without electronic devices, computers,
  TV, etc.
• Join us next year - July 26-30, 2021

Seniors, Remember: Once a KAY,
Always a KAY!
Senior members of KAY - thank you for choosing to be a member
of the Kansas Association for Youth! Your membership in this
student leadership, service organization is a true testament of
your character and willingness to make a difference in yourself
and the world around you.

We are pleased to remind you of an exciting opportunity to
continue your involvement and support of the Kansas Associa-
tion for Youth organization beyond high school.

Through diligent work and creativity, former KAY members
developed the Kansas Association for Youth Alumni Net-
work (KAYAN). KAYAN was created to support the KAY clubs
and the KAY State Director. The goal and vision of KAYAN is
to PUMP the KAY program.

P PRESERVE and maintain the history of the KAY program
U UTILIZE personal resources and talents to develop a
strong legacy for the program
M MAINTAIN the pride, spirit and fellowship of the KAY
organization
P PROMOTE future growth and support clubs as they serve
school, community, nation and world

KAYAN has become a donation-based organization. At any
time after graduation, if you are ever interested in making
an investment in the future of the KAY program, it will be
most welcome. To do so, log on to the KAYAN website at

While the end of your senior year was an unexpected experi-
ence, the lessons learned of service by self provided a valuable
lifetime opportunity going forward.

Congratulations on your upcoming graduation from high school!
Remember: the journey of leadership and service does not end
with the school year or when you graduate; it is ongoing, never
ending - for a lifetime!

Once a KAY – always a KAY!
MUSIC

Heat Acclimatization Recommendations for Marching Band and Spirit Activities
Per the KSHSAA Executive Board effective January 10, 2018, there is a new KSHSAA Heat Acclimatization Policy for Marching Band Directors and Spirit Coaches. SCHOLARS BOWL

Competition Limit Change Approved for Scholars Bowl
At the Fall 2019 KSHSAA Board of Directors Meeting it was unanimously approved beginning with the 2020-21 school year to allow students in Scholars Bowl to participate in up to nine (9) competitions per year excluding regional and state if their school hosts a league or invitational tournament during the season. In the past, Scholars Bowl Rule 51-2-3 only allowed eight (8) regular season competitions per student. Hopefully, by increasing the number of allowable regular season competitions, more schools will host an invitational tournament.

Important Dates 2020-21
August 17 = Beginning Practice Date
October 19 = Earliest Possible Competition
February 4 = Regional Competition
February 13 = State Competition

SPIRIT

Heat Acclimatization Recommendations for Marching Band and Spirit Activities

Spirit Spreader Clinics Kick Off Fall Activities
Spirit leaders from KSHSAA member schools will have the opportunity to brush-up their techniques during the one-day Spirit Spreader Clinics this August and September. All cheerleaders, pompon squads, drill teams and sponsors are invited to attend this action-packed day of instruction and enthusiasm. Yes, middle/junior high schools are welcome!

The day's activities begin at 8:30 a.m. with registration and will dismiss at 2:30 p.m. The clinics are scheduled to avoid conflicts with the first day or week of the school year.

The following dates and sites have been confirmed for the fall clinics. Additional information will appear in the August Activities Journal and on the 2020-21 administrator Entry Forms (online).

Monday, August 31 - Salina-Kansas Wesleyan University
Tuesday, September 1 - Haysville-Campus HS
Wednesday, September 2 - Dodge City Civic Center
Thursday, September 3 - Colby Community Building
Friday, September 4 - Hoisington HS
Tuesday, September 8 - Rossville HS
Wednesday, September 9 - Chanute HS
Thursday, September 10 - Spring Hill HS
Friday, September 11 - Highland Community College

Camp Counselors Wanted for Summer Spirit Camp Conferences
Qualified adults (at least 21 years of age) may apply for a position as a camp counselor. All counselors receive half price tuition for cheerleading or dance/pompon/drill team camp.

Counselors should be members of a high school or middle/junior high faculty. Positions are also available for qualified non-faculty adults who are serving as advisors.

Counselors are responsible to the KSHSAA Camp Director:
• Counselors assist and supervise students at night.
• Counselors assist in transporting injured or sick students to medical facilities.
• Counselors will be assigned to areas with their own students; however, they will be asked to oversee students from other schools.
• Counselors are basically free during the day to participate in daily advisors workshops, idea exchanges, observe classes and participate in camp activities.

If you would be interested in serving in this capacity, please contact the KSHSAA for more details. With emphasis on sportsmanship, you are encouraged to accompany your students to camp and attend special advisors/coaches seminars.

Summer Planning for All Spirit Group Advisors
Schools are strongly urged to send qualified adults who are serving as advisors with their students to summer spirit group camps. School advisors are responsible for their own students. To help defray the conference tuition, one adult will be assessed tuition costs by the following formula:

- 20 students or more—no tuition charged
- 10-19 students—1/2 tuition charged
- 0-9 students—full tuition charged

Schools with advisors in attendance will develop friendships, professional techniques and discuss common concerns through sponsor seminars. Active advisors will take home many ideas that can be developed throughout the school year.

Spirit Safety Meetings Are Required for All Head Coaches

• Head spirit coaches (grades 7-12) shall attend a mandatory meeting annually, intended to promote and provide fundamentals of the activity and participant safety.
• Face-to-face spirit rules meetings will be conducted at KSHSAA Summer Cheer/Dance Camps and Fall Spirit Spreader Clinics.
• Spirit coaches shall complete a test with information provided and discussed at the spirit safety meeting.

The KSHSAA strongly recommends head spirit coaches attend a face-to-face safety rules meeting if their team performs stunts during the school year.

Head spirit coaches assuming positions after the scheduled meetings are concluded or who have been granted special permission by their administration may meet the above requirement by taking an online meeting which will be available August 17 until October 4.

Schools failing to submit the mandatory spirit safety test will be listed in the Activities Journal and subject to a $25 penalty.

Spirit Safety Meeting Agenda
• KSHSAA student eligibility rules (Rules 12-18)
• KSHSAA Rule 7 - Physical Examination
• Rule 48 - Spirit
• Rule 52 - Citizenship/Sportsmanship
• KSHSAA Bylaw, Article XIV - Approval of Events
• NFHS Spirit Rules: Definitions and Terms
• Address current school year major rule changes
• Discuss code of conduct and due process
• Discuss spirit group’s role in school activity program
• Share ideas/challenges to advance spirit activities

**2019-20 KSHSAA Middle/Junior High School Activity Survey**

The KSHSAA sponsors comprehensive programs of interscholastic activities. Its purpose is to provide activities which meet the needs and interests of member schools and their individual students. The following table indicates the activities sponsored, the number of middle/junior high schools participating and the number of students taking part in interscholastic competition based on the most recent survey of member middle/junior high schools. As of the time of publication, 378 of the 409 member schools responded to this survey. Spring activity data may be incomplete due to the closing of school facilities in response to COVID-19.
