NFHS Spirit Coaches Education Program

KSHSAA accepts optional NFHS Online Coaches Education Program

Two courses required: "AACCA Safety Course" or "Fundamentals of Coaching Course" and "First Aide for Coaching Course" are required for Rule 10 certification if competitive spirit squad.

NFHS courses available or coming soon:

1. Fundamentals of Coaching
2. First Aide for Coaching
3. AACCA Safety (Available Sept. 2009)
4. Fundamentals of Coaching Cheer (Available Jan. 2010)

These courses are an excellent way for "new inexperienced" spirit coaches and "veteran coaches" to build your knowledge base and safety certification through continuing education in the spirit area by completing these educational courses. A transcript will be kept by NFHS for future reference or employer verification.
