The course will **NOT** be available for preview or warm-up on Friday, October, 30, 2020. This is at the request of the Wamego Country Club. Thanks for your understanding and cooperation on this matter.

Admission: Athletes, coaches, managers will need a KSHSAA issued wrist band for admittance into the course. Fans will need to purchase a wrist band through their school. A wrist band is required for admission.

Pass Gate: Each qualifying team will be allowed to have seven runners, one manager, two coaches and one school administrator on site. Schools will be provided wristbands for admittance of these individuals. Wristbands must be worn to get into the venue. Each school will also be provided 30 wristbands to sell to parents/fans at \$9.00 each. The school will return a financial sheet with payment for the wristbands sold to the KSHSAA. This will provide about 4 bands per runner. For individual qualifiers, the runners qualifying, one manager, two coaches and one school administrator will be provided with a wristband for entrance. Each school with individual qualifiers will be provided four wristbands to sell parents/fans. The school will return a financial sheet with payment for wristbands sold. All fans must wear face coverings and socially distance, especially at the start and finish line areas.

Dressing: Dressing rooms and showers **will not be available**. The restrooms at the entrance to the stadium will be open for your use.

Parking: All buses, vans, and cars will be parked in the Wamego Sports Complex parking lot directly across from the Golf Course. We ask that all buses and/or school vehicles park along the south side of the lot as close to the football stadium as possible. Please do not park on Highway 24 or along Columbian Road.

Scoring: *Heartland Timing has been contracted by KSHSAA to score the championship races. Each competitor will receive a bib that has a timing chip as part of its design. A finishlynx camera and an identilyn timer camera will be used to place runners that are very close when crossing the finish line. The determining factor for the order of finish is the torso crossing the finish line.*

Bib numbers: Since the bibs will act as the chip, no chips will need to be returned. The most important thing is to make sure that your runners are wearing the bib that is assigned to them. Please check and double-check that runners are wearing the bib in which they are assigned.

Results: Coaches will be able to pick up race results once Heartland Timing has finalized the results of each race. Hard copies of the results will be at the finish area near the tent or van that Heartland Timing is working from. Heartland Timing will post real-time results of each state race on their website as well for coaches and fans to access:
<http://www.heartlandtiming.com/index.htm>

Parents and Fans: Parents and other fans **WILL NOT** be allowed near the finish line/trailer area. People working in the trailer will only field questions or concerns from coaches, not parents. People other than coaches will be escorted away from the area. Coaches, please share this with your parents. Thank you.

Pets: Please do not bring pets onto the cross-country race area or golf course.

Awards Location: The award presentations will be inside the sports complex stadium to take advantage of the permanent sound system. The stadium seating allows all a clear view of the individuals and teams as they receive their awards.

Awards: The top 20 individuals will be awarded medals. The top 3 teams from each race will receive team plaques and team medals. Please pay attention to the award times!

Times on the Course: Times will be given at the 1-mile and 2-mile marks.

Course markings: A white paint line will mark the entire course. If we have inclement weather, the runners will always run between the red flag markers. *****Coaches/runners are not allowed to place flags or any other markers on the course.*****

Course Inspectors: Inspectors will be stationed around the course for the purpose of identifying any runner who might intentionally take advantage by cutting or performing any unsportsmanlike act to interfere with other runners. **Any runner performing an unsportsmanlike act shall be disqualified.**

Restrooms: We will place portable restrooms just outside the district bus lot directly west of the starting chutes. These can be used by anyone, but runners should be given the opportunity to go to the front of the line if their race is starting soon. Restrooms are also available at the Sports Complex football field area.

Jury of Appeals: The rules committee will be made up of three coaches from each respective class and will be contacted ahead of the meet date by Rick Patton. If the rules committee is needed, those coaches will be called to the white trailer at the finish line.

Chute: Workers assisting in the chute will keep runners finishing the race moving away from the finish line area. Placing is electronically determined with a finishlynx camera and an identilyn timer video camera used for back-up if necessary. ****The torso crossing the finish line is the determining factor for the order of finish.****

Picking up Information: Team packets can be picked up at the main admissions gate directly east of the football parking lot. These packets will include everything you will need including bib numbers and pins. If you need more pins, come to the finish line/tent area and ask for more.

Uniform Rules: Coaches, please, **PLEASE**, double-check your athletes on the uniform rules before your athletes run. We don't want any runner to be disqualified. Our clerk lining up runners in the chutes will be checking for uniform violations as well. Please give the clerk your school's "Sportsmanship & Legal Uniform" card during check-in at the chutes.

COVID Mitigation Guidelines:

Athletes, Coaches, and spectators are required to have masks on at all times if social distance can not be maintained.

Athletes must come to the starting line with their masks on no earlier than 10 minutes before the start of their race. The starter will give a command to remove masks approximately 60 seconds before the start. At that time, athletes can remove masks and throw them in the trash behind their starting box if it is a disposable mask or put their mask in their team provided gear box.

Starting boxes will be spaced out, athletes should stay within their starting box lanes while doing any drills or run outs. Athletes will be directed to clear the finish chute immediately.

Concessions: There will be a concession stand set up inside the golf course admissions area north of the finish tent and another concession stand at the stadium where the awards will be presented.

Championship Apparel will be available at a table near the entrance gate.

Cross Country Participant Removal Guidelines 2020 State Cross Country

The safety of participants is a primary concern of the KSHSAA in all activities. There are situations when runners show signs of obvious physical distress during a race and a decision must be made about whether they should be allowed to continue or be given medical attention. Based on these concerns the KSHSAA has the following guidelines:

A runner showing signs of obvious physical distress such as collapsing on the course, or other indications of his/her inability to finish the race may be immediately removed from the race by designated event personnel. If the runner can be safely moved, the runner will be immediately transferred to the event medical area to be evaluated by onsite medical personnel. If a runner voluntarily removes him/herself from the race for any medical reason or is removed by their coach, they should also proceed to the medical area for evaluation. The onsite medical personnel will determine the appropriate care to be administered.

To assist designated event personnel and coaches on determining the level of distress, these guidelines will be used:

- If the runner looks questionable, event personnel will ask if they need help, if the runner is able to answer immediately and clearly state "no" the runner will be allowed to continue. . If a runner looks questionable and event personnel asks if they need help and the answer is "yes" the runner will be pulled.
- If the runner looks questionable and the event personnel asks "if they need help" and there is no response, the event personnel will continue to follow the runner (off the course) and monitor.
- If the runner continues to be unresponsive to the event personnel and is unable to run fast enough to separate themselves from the walking event personnel, the runner will be pulled.

- If the runner is able to communicate something and they are just tired, they will be allowed to continue. Course monitors designated by meet management will be provided these guidelines.

Water will not be provided by meet management on the course during the race. Water will be available before and after the race. A determination on whether or not coaches will be allowed to hand out water during a race will be made prior to the start of races each day.

NOTE: The challenge of handing water to runners is the potential to interfere with other runners when handing the water and what the runner will do with the bottle/cup that could possibly interfere with another runner. In a 5K race, runners who are properly hydrated before the race begins have little risk of becoming dehydrated during the race.

Towels: Will not be allowed to be handed out on the course, they may be distributed by team personnel after the athlete has cleared the finish chute.

Coldwater immersion tanks will be available if the weather dictates. Meet management will determine the need based on the Heat Guidelines provided.

Medical personnel and an ambulance will be on site. A trail vehicle will be provided to transport runners in distress to the medical area. Runners who are in need of medical attention shall not be removed from the medical area until cleared by the personnel on-site. Coaches/parents should not take runners away from this area until cleared.
