

2024 WEEK #2 FOOTBALL POINTS OF CONSIDERATION

- REMINDER:** Schools need to update scores on the KSHSAA database after each game. I recommend the home team do this. At least 20% have not been updated from this past week's games.
- REMINDER:** The use of drones during the regular season is determined by the host school. Please do not plan to use one without first receiving permission from the host school. In addition, if permitted, the drones should never be flown over the playing surface or stands. The drone needs to be stationary behind the goal post area of the field.
- BEHAVIOR:** Many do not take the time to talk about behavior on the field. To date, we have had 30 football ejections this season, and we are just in week #2. 29 of the ejections are for Unsporting Conduct.
- SITUATION:** On a free kick that goes out of bounds. What are Team B's options? (6-1-9)
- SITUATION:** What constitutes the use of an untimed down? (3-3-4) (Case Book)
- SITUATION:** What is the ruling for a player with missing or improperly wearing equipment? (3-10-5) (Case Book)
- SITUATION:** What is the ruling for an inadvertent whistle? (4-2-3) (Case Book)

GOOD LUCK AND HAVE FUN!
