

Golf Announcements – May 5, 2025

Regional Assignments

Assignments were posted on Tuesday May 6th. Please be reminded that we still use geography and then entries to balance the regional from a number standpoint. The rankings format will go into effect this fall.

Entries

Schools will have until May 15 to make edits to the regional entries. Simply go back in an edit the entry from online if you need to make changes.

Postseason Scoring

All scoring will be done through Kansas Golf Scores. Participants will keep score on their phone throughout the round. Each group will have one designee to accomplish this task.

Practice Rounds – State

As a reminder, with state golf being Tuesday and Wednesday after Memorial Day your practice rounds are encouraged to take place sooner rather than later. It will be tough to guarantee course availability on Monday.
