

## **GOLF ANNOUNCEMENTS – 8/27/2024**

### **State Qualifiers**

There will be four regionals per class this year.

Three teams qualify per regional.

Five individuals not on a team will qualify. (There was an error in the manual that said six.)

### **Eligibility**

Are all your golfers in the school eligibility system? Be sure your athletic director has entered all your players in the KSHSAA eligibility database. They will not be available for postseason entry without this step. It is not new, just a reminder.

### **Girls Golf Classifications**

General classification numbers will begin to be submitted September 20. At that time girls golf will utilize the 40/60 rule. Forty percent of the schools playing girls golf that are 4A-1A will be classified 4A for girls golf postseason. The remaining 60% will be 3-1A.

### **Outside Competition**

Unless there is prior written approval from the KSHSAA, no member of a high school golf team may compete in an out event outside of the school competition.

### **Tryouts/College Visits**

The KSHSAA Board of Directors has updated handbook Rule 26 that deals with tryouts. If an athlete attends a college visit during the season, they are now permitted to tryout during the visit with the college coach present.
