State Qualifying Details

The top eight (8) teams will qualify for the state meet, based on the average of their top three (3) meet scores. There is a misprint in the Gymnastics manual and booklets. Results of non-invitational meets as well as invitational meets will be considered. The top five (5) gymnasts in each individual event who do not qualify as a member of a team will advance to state competition. These individuals will be determined by averaging their top three (3) scores from the season. In the event a gymnast has less than three scores in the event, the missing scores are entered as zeros. Individuals qualifying for the state meet must have a minimum average of 7.0. Gymnasts must have competed in at least four (4) to be eligible for state competition.

Gymnastics Results

All schools hosting a gymnastics event are required to send the KSHSAA and other attending schools their meet results no later than 24 hours after the meet has concluded. School coaches are responsible for entering results for their athletes using their login and passwords. Those were on the white sheets of paper in the coaches' packets handed out on Saturday. If you cannot locate that information, please let Linsey know at kswatson@kshsaa.org.

Here is a [link to the directions](#) for entering this information. This is no longer completed at the KSHSAA office, it is the responsibility of the coach. Thank you for your attention to this request!
