Your Board is your club's leadership - ensure that your future board members are willing to lead your club in a positive direction!

THE FINISH LINE IS NEAR!

We have officially started Spring! The school year is winding down and soon you will be celebrating graduations and the end of another successful school year.

With the impending end of the school year in sight, it is important to conduct KAY Board elections (if those are conducted in the spring for your club) to determine who your leadership will be for the following year. It is also important to secure delegates for KLC this summer.

This is also the time to finish projects and to complete the goals for your KAY Club this school year. It's not about how you start, it's about how you finish!
