

Softball Announcements

May 12, 2025

This is the last update of the year! Thank you to the coaches and umpires that have chosen to work together for the students on the field. Information below will ensure a consistent and smooth postseason:

Update your Win-Loss Form All the Way Through

Please continue to update your scores and schedules all the way through your season. You keep playing, then keep on updating. The winning team should update after every game. The bracket will not be advanced unless this is done. There are two spots on the win/loss form to update. The normal spot and under the "Postseason" header.

Regional Seeding

3A and 2-1A will seed May 14th. 6A, 5A, and 4A will seed May 17th.

If a team does not get to 13 games played their winning percentage is cut in half.

Only the top 16 make the bracket for 6A, 5A and 4A.

Suspended Games - Postseason

Regionals = the same as the regular season applies, must complete 5 innings for it to be completed game. If both teams agree that the game is complete, then it can count. Otherwise, we will return and pick up where we left off.

State = We will play a complete 7 inning game unless the run rule applies. So, if we have one inning left and we need to suspend we will come back for one inning.

Postseason Umpires/Pay

All umpires for regionals are paid by the host site. There needs to be 3 umpires per game.

Team Picture/Pass Gate for State

This will be due by Noon the day after you qualify for state.

CREW OF THREE VIDEO

Umpires are encouraged to watch the "Crew of Three" video under the education tab after signing in to the KSHSAA website as an official. It will be key to making sure we are in the correct positions for the calls coming up next week.
