

## KSHSAA STUDENT COUNCIL REGIONAL CONFERENCES

# EXPLORE THE POSSIBILITIES

Hope to see many of our schools' student leaders and advisors at one of the eight regional STUCO conferences across the state in late September.

These half-day (8:30-11:45 a.m.) leadership conferences are for both high school and middle school students and advisors.

Login at [www.kshsaa.org](http://www.kshsaa.org) to register using the STU-1 entry form. The registration fee is \$10 per student; advisors are free. Thank you to our fabulous host schools listed below.

Wow! Attendees will be engaged, enthralled, and entertained by this year's Keynote Speaker, The "Amazing" Tei Street, who has more than 25 years of experience in higher education, curriculum development, training in sexual assault prevention, domestic violence prevention, ATOD prevention, diversity & inclusion, as well as advocacy, education and youth leadership development. Her love and passion for positively affecting the lives of all young people and the adults who influence their lives, comes through each time she steps on a stage or gymnasium floor. Tei's masterful use of humor, coupled with her gift for storytelling makes her a crowd favorite. Tei challenges her audiences to take the knowledge they gain to move from motion to action; walking in what makes them "amazing!"

### 2022 FALL REGIONAL CONFERENCES
