

## Newsletter #4 – April 8, 2024

### **NEW - Preparation for Regional Tournaments**

In preparation for regional tournament play, participating schools must do the following:

1. Regional Entry Form TNS-2: Hand deliver KSHSAA Form TNS-2 (place in a sealed envelope) to your regional manager the day of your coaches meeting, prior to the seeding of the tournament.
2. Tennis Balls: Information on the tennis balls used for regional and state tournaments is in your Tennis Manual on page 23. For regional play, teams are to bring one container of new tennis balls per entry (singles/doubles). A school entering 2 singles and 2 doubles (max) = 4 cans of tennis balls.
3. Player Season Records: Throughout the season all coaches are to be posting season competition results on the KSHSAA online program. Coaches are required to bring copies of these completed records for all tournament entries. Bring 1 copy for each coach plus the tournament manager.

### **NEW - Seeding Regional Tournaments**

The Seeding Procedure and Seeding Criteria is described in the 2023-2024 KSHSAA Tennis Manual on page 28. Please be reminded:

1. Coaches must always keep in mind the contest essentially belongs to the contestants. Coaches should seed their players and vote in the most ethical and fair manner to maintain the integrity of the seeding procedure for all athletes, not just their own players.
2. You may not concede a seed.

### **NEW - State Tournament Seeding Meetings**

Thank you to our host sites for stepping up to host! Tennis postseason events do not happen without our member schools hosting regional and state events – please send your thanks to our host sites!

### **Repeat - Boys' State Tennis Sites/Hosts**

Again, thank you to our host schools!

### **Repeat - Heat Illness/Prevention**

While spring sport coaches are not required to take the NFHS Heat Illness Prevention course, it is highly recommended. As temperatures increase, it is critical that athletes properly hydrate, and coaches are aware of the signs/symptoms of heat illness and are knowledgeable about preventative measures. Please consider taking this free course through NFHS!

### **Repeat - Win/Loss Records**

Coaches are expected to record the competition information for their players. The KSHSAA has a link on the front right-hand side page of the tennis page to record this online information. Be sure to record results for all regular season competition as well as regional and state competition at the end of the season. Results are archived at this location from previous years.
