

Kansas State High School Activities Association

MINUTES

Note: Minutes are subject to approval by the Board at its next meeting.

Executive Board Meeting
KSHSAA Board Room
Wednesday, January 12, 2022
Thursday, January 13, 2022

The Executive Board of the Kansas State High School Activities Association met in on Wednesday and Thursday, January 12-13, 2022, with the following in attendance: President Roger Perkins, Tim Bumgarner, Matt Garber, Shannon Haydock, Deena Horst, Mike Kastle, Tammie Romstad, Greg Rosenhagen, Catherine Smith, Drew Thon, Linda Wiley and Bill Faflick, Executive Director. Assistant Executive Directors Francine Martin, Mark Lentz, Jeremy Holaday, Craig Manteuffel, Rod Garman, Annie Diederich and Office/Operations Manager Brent Unruh were also present. Board member Deena Horst was absent Wednesday morning due to State Board of Education meetings and member Catherine Smith was absent on Thursday due to illness.

CONSENT AGENDA ITEMS

The following items were all approved unanimously via consent:

- Minutes of the November 17, 2021 Executive Board meeting.
- Items approved by KSHSAA staff on behalf of the Executive Board. (*A list of these items may be found at the end of these minutes.*)

ADMINISTRATIVE REPORTS

The Board received reports from Executive Director Bill Faflick, and the Assistant Executive Directors regarding the status of programs and services of the Association. The Executive Director gave a financial report and also an update on the business of the National Federation of State High School Associations following the recent NFHS Winter meeting, as well as an update on the business of National Interscholastic Administrators Association following their annual conference.

BOARD OF DIRECTORS and APPEAL BOARD ELECTION REMINDER

Member schools are reminded of upcoming elections for positions on the KSHSAA Board of Directors and Appeal Board. An email was sent on January 14th providing information on positions for members of local boards of education and junior high/middle and senior high school administrators. Individuals interested in being candidates for these positions must submit their names to the KSHSAA by February 15. Please see **Bylaws IV and VII** in the Handbook for the required procedures to submit candidate names. The spring issue of the *Activities Journal* will contain a special section with this information.

Senior high school principals should note information reminding them to identify their league affiliation and league representatives to the KSHSAA Board of Directors for 2022-2023 was sent to them via email on January 14th.

BOARD OF DIRECTORS APRIL AGENDA DEADLINE REMINDER

Per **Amendments Bylaw, Article XVI** in the KSHSAA Handbook, member schools are reminded **Monday, March 21, 2022** is the deadline for member schools to propose KSHSAA Handbook rule changes for consideration by the Board of Directors at their next meeting, April 29, 2022.

KSHSAA HALL OF FAME

The Executive Board received a report following the selection meeting for the 2022 KSHSAA Hall of Fame Committee. Five individuals were selected from 25 qualified nominees. Those selected are coach Charles Fessenden (Almena), administrator Cheryl Gleason (Topeka), student Bill Kimble (Hoisington), coach Pam McComas (Topeka), and coach Barry Mellen (Woodland Park, CO). Respective induction ceremonies are being scheduled in conjunction to honorees wishes. More information on these individuals is available at the Gallery of Champions at www.khsaachamps.org.

UNIFIED BOWLING REVIEW AND NEXT STEPS

A recap was given for the first Unified Bowling State Tournament conducted in November. Based on projected numbers for next school year, a new site may need to be located that will be able to facilitate more attendees for the state tournament. Administrator Annie Diederich gave insight into different locations and the process she is going through to secure a site.

Following discussion, the Executive Board confirmed the staff recommendation that Unified Bowling was a similar activity compared to Interscholastic Bowling. Accordingly, student participants are subject to the same rules governing all activities, including Outside Competition. While a one-year exception was made this past season to allow participation in designated tournaments during the Unified Season, that modification will not be extended.

ELIGIBILITY DETERMINATIONS

As part of the November Executive Board meeting, a determination of transfer eligibility status was provided to a student returning to a school previously attended after a period of time at a basketball academy. The Board determined the appropriate application of Transfer Rule 18 was to follow **18-1-4, transfer from a non-member school**. Following this determination, the member school provided new, additional information which justified consideration of **18-1-13 – hardship**. Staff updated the Board with this new additional information and the determination to approve the hardship transfer in December.

A new eligibility determination request was brought to the Executive Board regarding the transfer eligibility status of a student who participates in debate. The student transferred schools and the original T-E/P, partial eligibility form did not list debate as one of the activities for the student. A T-E/H hardship form was then submitted almost a month later to allow for varsity level activities and debate was listed by the previous school. After denying the hardship request, it was found by KSHSAA staff the student had been participating as a varsity debate team member and had qualified for the state two-speaker debate tournament. Staff determined the student should not be eligible for varsity thereby disqualifying her and her partner from the state tournament. With the tournament to be held in less than a week, the student's family asked the Executive Board to overturn the previous determination and allow the student to be eligible for the state meet. Following discussion and a review of support material, the Board voted to support the decision by staff. The student remains eligible as a non-varsity participant in activities rostered in the previous 12 months prior to transfer, including debate, until the student completes the transfer period of one calendar year at the new school.

NFHS NETWORK INCENTIVE PROGRAM

The Executive Board received a briefing on the NFHS Network "Drive to 100" incentive program. The KSHSAA is participating in the program, which provides every Kansas school deciding to join the Network with the opportunity to receive two free Pixellot camera systems (one for gymnasium, one for stadium field), free installation, no maintenance costs, immediate revenue share with guarantees for each school participating of \$1000 annually for the first two-years in the Network. Currently, 166 schools are part of the Network. If the Association reaches 300 or more member schools, the Association will also receive an incentive bonus. If achieved, the board supports staff recommendation that the KSHSAA will use the bonus from the NFHS Network to award grants for member schools to enhance the student broadcast program through additional technology procurement and teaching/learning workshop participation. Information about the program and the incentives will be sent to member schools in the coming weeks.

FALL PRACTICE REQUIREMENTS

Sports Medicine Committee liaison Brent Unruh and staff led a preliminary discussion regarding the varying practice requirements of fall sports prior to the first competition. Current Handbook requirements designed to address heat acclimatization differ between fall sports. Recommendations from the KSHSAA Sports Medicine Advisory committee were reviewed for fall activities which impact team and individual practice requirements. The Board reviewed options for policy updates relative to the minimum number of team and individual practices required for each fall activity, including those which may have Standardized Calendar impact. Following a review of possible changes and discussion, the Board asked staff to finalize language for action at the March Executive Board meeting with intent to send a proposal to the Board of Directors for their April meeting.

AGENDA ITEMS FOR BOARD OF DIRECTORS SPRING MEETING

Executive Board members discussed the agenda for the next Board of Directors meeting. Two items were introduced by staff for addition to the agenda. Following discussion, the items were approved to be added to the April 29th Board of Directors meeting agenda:

Amend Classification Rule 5 – Per ongoing public/private school championship discussion, rule revisions are suggested as per direction of the Executive Board at their November 2021 meeting. *NOTE: State of Kansas Identifying Statutes would need to be approved by both the State Board of Education and the State Legislature prior to implementation. Without these approvals, amendments to Rule 5 would not be permissible.*

State Of Kansas Identifying Statutes

K.S.A. 2014 SUPP. 72-7114. High school activities association; board of directors, executive board, appeal board; articles and bylaws; reports; classification system; executive director and personnel; application of open meetings law and open records law.

- (a) Any association with a majority of the high schools of the state as members and the purpose of which association is the statewide regulation, supervision, promotion and development of any of the activities defined in K.S.A. 72-7117, and amendments thereto, and in which any public high school of this state may participate directly or indirectly shall:
 - (1) On or before September 1 of each year make a full report of its operation for the preceding calendar year to the state board of education. The report shall contain a complete and detailed financial statement under the certificate of a certified public accountant.
 - (2) File with the state board a copy of all reports and publications issued from time to time by such association.

- (3) Be governed by a board of directors which shall exercise the legislative authority of the association and shall establish policy for the association.
- (4) Submit to the state board of education, for its approval or disapproval prior to adoption, any amendments, additions, alterations or modifications of its articles of incorporation or bylaws. If any articles of incorporation, bylaws or any amendment, addition or alteration thereto is disapproved by the state board of education, the same shall not be adopted.
- (5) Establish a system for the classification of member high schools according to student attendance and other means.
- (6) Be subject to the provisions of the Kansas open meetings law.
- (7) Be subject to the provisions of the open records law.

Rule 5 - Classification of Senior High Schools

Section 2: Senior High Regulations

Art. 5: Private schools will be subject to an enrollment multiplier factor when determining classification numbers. Factors for determining the multiplier include school location, socio-economic status, and championship factor. To calculate the multiplier number, the following criteria will be applied:

Any private school that has won five or more state team championships in the most recent five school years will have a multiplier applied to their classification enrollment count. These select private schools will begin with a 1.0 multiplier. The following factors will be added to the multiplier for each select private school.

1. Championship Factor - cumulative state championships over the previous 5-year period (not activity specific, team activities only).

10+ championships: + 0.30

5-9 championships: + 0.15

NOTE: if a private school has won less than 5 championships in the previous five-year period, the multiplier remains 1.0.

2. Geographic Population Factor - public school attendance area in which the private school is located.

Within a 5A/6A community: + 0.30

Within a 3A/4A community: + 0.15

Within a 1A/2A community: + 0

NOTE: if a private school does not meet the Championship Factor, the Geographic Population Factor would not take effect.

3. Free/Reduced Lunch Population Factor

0-20% Free/Reduced students reported: + 0.15

>20% Free/Reduced students reported: + 0

NOTE: if a private school does not meet the Championship Factor, the Geographic Population Factor would not take effect.

NOTE: The multiplier impacts classification for all school activities and will be applied to both general and football classification numbers. Schools cannot move up more than one classification based upon the multiplier. The multiplier enrollment count will not force a school to move from 8-person to 11-person football or from 6-person to 8-person football. Geographic location is determined by the physical address of the private school. If Free/Reduced data is not collected and/or reported, it is assumed to be zero. There is no process for appeal to change a classification that has already been changed by the multiplier.

Amend Transfer Rule 18-1-10: Per Executive Board request at their November meeting.

Art. 10: TRANSFERRING BACK TO HOME SCHOOL—If a student has lived and attended school away from home, he or she shall be eligible for interschool activities upon returning home and attending the home school (the school the student previously attended, if there has been no change in family residence), provided the student meets all other general eligibility requirements (Process Form T-E). This is not applicable for students who return to their member school after attending a school/academy which provides a specific athletic/activity focus.

NOTE: Questionable cases must be submitted to the Executive Board.

GOLF ITEM TABLED FOR FURTHER DISCUSSION

Based upon feedback following regional meetings and as initiated by the KIAAA, language to provide a one tournament exemption for golfers during the season was brought before the Executive Board for possible Handbook changes. Following discussion, the Executive Board determined manual changes need to be made to follow current protocol already in place. In addition, possible rule changes to **Outside Competition Rule 22** and to **Golf Rule 36** were tabled until the March meeting to allow staff time to further modify language.

COACHING SCHOOL

The 2022 KSHSAA Coaching School is to be held in-person once again and is scheduled for August 1-2, 2022 at Stormont Vail Events Center. This year's keynote speaker will be native Kansan, basketball coach and former Kansas State University player Lon Kruger. New features for this fall are a two-day format instead of three and the inclusion of a golf tournament opportunity for coaches on Sunday, July 31 at the Firekeeper Golf Course outside of Mayetta.

END OF EVENT PROTOCOLS

The Executive Board reviewed three separate "end of event" issues which staff addressed at the time those incidents occurred. Those include the following:

1. Class 6A Game Day Cheer Showcase Competition involved data entry errors of judges scores. One school was given credit for a score achieved by a different school which resulted in the incorrect order of finish in one classification. Upon identification of the clerical error, the KSHSAA and Varsity Spirit staff made corrections and worked with the schools involved to make restitutions. Further, the KSHSAA and Varsity Spirit have developed protocols to be implemented at future events intended to eliminate the possibility of future errors.
2. During a regular season football contest, an application of an overtime procedure following a turnover was incorrect. Officials incorrectly allowed an interception to be returned for a touchdown to count as a score when it should have been a dead ball. Staff worked to ensure officials and coaches were aware of the rule after the fact to eliminate future mistakes. A request was made by the superintendent of one of the schools involved to provide a policy for coaches/administration to be provided an opportunity to appeal an official's end of game ruling. Following discussion, the Board voted to not adopt the policy.
3. During a regular season varsity basketball contest, a few players became sick during the first half. With a lopsided score and with the apparent limited number of players available, officials and coaches had a discussion at halftime and determined to use a running clock for the entire second half. This is contrary to adopted rules which require the determination to involve school administrators on-site and allows a running clock only for the fourth quarter. When KSHSAA staff were notified of the violation, staff determined it appropriate for the Executive Board to determine if this game result should be considered valid. Following discussion, the Board approved the final outcome of this game and both schools shall reflect the outcome as part of the season record. The Board also encouraged schools to use the pregame time out to communicate with officials regarding illness protocols as well as mitigation strategies in place for COVID-19.

ATHLETIC DIRECTOR RULES MEETINGS

Executive Director Bill Faflick requested the Executive Board consider a mandatory rule meeting for all member school athletic directors. This meeting would be completed at the beginning of the school year and would focus solely on **Rule 18 Transfer**. Following discussion, the Board requested staff provide details at their March meeting on what the meeting would possibly look like and how it would be held (in-person and/or virtual).

OFFICIATING FEES

On an annual basis, the Association reviews officiating fees in a planned three-year rotation of all sports. KSHSAA staff provided the Executive Board with information on postseason officiating fees in the activities of volleyball, softball, baseball, and football. Staff provided the Board with an analysis of the fiscal impact if fees were to be increased. Following preliminary analysis, the Board referred this item to the agenda of their March meeting for final consideration.

KIAAA CLASSIFICATION FORUM

The Executive Board reviewed an opportunity to submit items to the KIAAA Classification Forum which is part of the annual KIAAA Conference each spring. The conference will be in Mulvane at the Kansas Star Event Center. Francine Martin continues to serve as the staff liaison to the KIAAA Board of Directors.

SPORTSMANSHIP SUMMIT

Staff brought forth to the Executive Board a request on to begin a statewide sportsmanship summit. Discussion was held on format and timing for an upcoming possible summit and previous KSHSAA summit experience. Support was given from Board members for the formation of one or more summits to be held during fall buffer week and asked for a finalized proposal to be presented at their March meeting.

GYMNASTICS UPDATE

Staff provided an overview of the current status of Girls Gymnastics and the history of final years of Boys Gymnastics for the Executive Board. Previous protocol, as followed for boys gymnastics, provides for a team state championship competition until there are fewer than 8 teams. At that point, only individual event championships would be contested. Staff provided an update on projections for next year. Following discussion, the Executive Board gave support to the protocol moving forward for girls gymnastics.

KSHSAA COVERED TRUE BLUE SCHOLARSHIP PROGRAM

Staff provided an overview of the new scholarship program application process. The applications will open in mid-January and close on March 1, 2022. Board members were asked to provide names of current and former educators who might be willing to be part of the pool of judges from their schools to forward to staff members.

DIVERSITY, EQUITY, AND INCLUSION

Community leader Curtis Pitts joined the Executive Board on Thursday, January 13 to provide a brief overview of the training he provides regarding efforts to improve race relations within schools and communities. He focuses on opportunities to engage students and staff with strategies to positively impact school culture. Mr. Pitts presented a historical perspective of race relations in Kansas to the Board and discussed using the education platform of activities to help young people engage in their education. He also encouraged the Board to consider how the Association activity program can be used to foster support of continued improvement of school culture.

ADDITIONAL ITEMS FROM THE FLOOR

Staff requested an update to the violation and non-violation categories for same sport participation during school season in accordance with **Rule 22 Outside Competition**. The request was made to add Drive/Chip/Putt contest to the non-violation list and to include the following as violations: mixed-team volleyball vs. volleyball, unified bowling vs. bowling, and futsal vs. soccer. Following discussion, the Board voted to approve the recommended changes.

EXECUTIVE SESSION

The Executive Board entered Executive Session for the purpose of discussing issues related to non-elected personnel. Upon conclusion of Executive Session, the Board took the following action congruent to recommendation of the Executive Director:

FRANCINE MARTIN ANNOUNCES RETIREMENT

Assistant Executive Director Francine Martin announced her plans to retire July 1, 2023. Ms. Martin will complete her 19th year of service to the Association in 2022-23. Her educational career spans 38 years in service to Kansas schools as a classroom teacher, coach, school administrator and KSHSAA Assistant Executive Director. The Executive Board went on record thanking Ms. Martin for her exemplary work, dedication and service to the member schools of the KSHSAA as well as the youth of Kansas.

During the 2022-23 school year, her final year of service to the Association, Martin will transition into a new responsibility. Her focus will be to develop a new position which will support those serving as officials in all programs administered by the KSHSAA. As a long-standing priority of the KSHSAA, this work will include the systemic development impacting the breadth and depth of the officiating pool through recruitment and education. In addition, Martin will continue to foster the positive relationship between schools, officials and other stakeholders. Following the development of the official's education administrator position and transition, Martin will retire in June of 2023.

NEW TECHNOLOGY POSITION APPROVED

The KSHSAA will improve service to member schools by adding one staff member whose work will support the development of technology and communications between member schools and the KSHSAA. This position will begin in June, 2022.

MODIFICATION OF MEETING SCHEDULE

In response to a request from Executive Board members, the March Executive Board meeting was approved to move back one calendar week to new dates of March 22-23, 2022.

NEXT MEETING

The next regularly scheduled meeting will be held as follows:

Tuesday, March 22, 2022

10 a.m. – 4:30 p.m.

Wednesday, March 23, 2022

8:30 a.m. – 3 p.m.
