## HIGH SCHOOL STUDENT LEADERS

High school student leaders are not just those students who participate in National Honor Society, band, choir, drama, athletics, or other school activities or clubs. High school student leaders are students who have the ability to lead, or make a positive impression upon other students.

A student who has the desire and is willing to make a commitment to be a positive role model for younger students both in and out of school should be considered a student leader.

Webster's Dictionary defines leadership in this way: **"Leadership - to direct, as by going before, or along with."** Students who are willing to make the commitment to be positive role models are truly student leaders, regardless of their background, socioeconomic status, academic ability, handicap, or athletic capabilities.
