The Executive Director gave a financial report in conjunction with the financial services director. An update on current happenings was given by the State Board of Education representative Jim Porter and by Superintendent representatives Geoff Andrews and Kellen Adams. BOARD OF DIRECTORS MEETING BREAKOUT DEBRIEF

As part of the April 23 Board of Directors meeting, respective classifications of schools conducted breakout sessions to discuss critical topics which may require action or further study, including placement on the Regional Administrator and Board of Education Meeting agenda. Board members discussed items brought up during these sessions. Discussion included calendar conflicts for dual sport athletes, girls flag football, and future rule and policy changes.

SPRING ACTIVITIES RECAP

Staff led a discussion regarding the success and challenges with each of the recently completed spring culminating/championship events. The Executive Board members provided feedback and made suggestions for modification and future enhancements.

QUASI-TEAM ACTIVITY CHALLENGE WITH OUTSIDE COMPETITIONS

Discussion was held on challenges some member schools are facing when students in quasi-team activities wish to participate in outside competitions, like a national amateur contest, beyond current limits set in KSHSAA policy. While golf was the primary activity discussed, other activities where the student could compete as an individual, like tennis and swimming & diving, were considered. The Executive Board requested staff provide more information at their September meeting on current limits and provide possible solutions for future implementation.

ADVISORY GROUP RECOMMENDATIONS

Each year, the Kansas Association of Scholar's Bowl Coaches (KASBC), the Kansas Coaches Association (KCA), the Kansas Interscholastic Athletic Administrators Association (KIAAA), the Kansas Music Educators Association (KMEA), and the Kansas Speech Communications Association (KSCA), survey their membership and develop proposals for amendments to rule and/or championship protocol. These recommendations were introduced at the April Executive Board meeting, captured and distributed via meeting minutes to allow member schools to discuss them and provide feedback. Final discussion and action on all recommendations was conducted at the June meeting of the Executive Board. A summary of Executive Board actions follows:

Recommendations Adopted

The following recommendations, submitted by various advisory groups, were approved by the Executive Board for immediate implementation:

Cheer

1. Should the KSHSAA eliminate the pass gate squad list maximum for cheerleaders *in uniform* in the postseason? **(KIAAA)** *Note: The Executive Board voted to use the same allowances as used for the Game Day pass gate.*

Volleyball

2. Increase the number of players allowed to suit up for the postseason in volleyball from 12 to 14. **(KCA)**

Volleyball

3. Regular season matches that take place after the Sunday of SCW-15 regional seeding date (for classes 3-1A) will count towards their sub-state records in volleyball. **(KCA)**

Items Referred to the Board of Directors

The following recommendations, which were submitted by advisory groups, will be submitted for consideration at the next Board of Directors meeting:

Basketball

1. Should the KSHSAA change the wording in **Rule 33, Section 2, Article 5** to allow individual players to participate in no more than 26 games? **(KIAAA)**

Girls/Boys Tennis

2. Should the KSHSAA update **Rule 41 Tennis** to read: "No student representing a member school shall participate in more than ten (10) days of interschool competition during a season, exclusive of KSHSAA postseason tournaments". **(KCA)**

Items Referred to the Fall Regional Administrator Meetings

The following recommendations, which were submitted by advisory groups as noted below, will be submitted for discussion and consideration by those attending the Fall Regional Administrator Meetings conducted in October 2025 at seven different sites across the state:

Wrestling

1. Lift coaching restrictions for high school wrestling coaches during the spring to allow coaches to work with their athletes in the Olympic styles of wrestling. **(KCA)**

Recommendations Denied

The Executive Board voted to deny the following recommendations, which were submitted by various advisory groups:

Cheerleading

1. Should KSHSAA change Game Day Cheer to the Wednesday and Thursday and Game Day Dance to Friday of the Fall moratorium week? **(KIAAA)** *Note: the only facility able to host in Kansas is not available.*

Multiple Activities

2. Should the KSHSAA change their policy of having a 3rd place game during the postseason tournaments for Volleyball, Soccer, Basketball, Baseball, and Softball at the 5A and 6A classifications? **(KIAAA)**

No Action Items

The Executive Board took no action on the following items, because it is existing policy or because no action is necessary:

Volleyball

1. Use a Strength of Schedule Ranking System (Power Points for Sub-State & State Tournament Seeding) for postseason seeding in volleyball. **(KCA)**

BASKETBALL MANUAL UPDATES

Staff facilitated discussion on recommendations for updates to the KSHSAA Basketball Manual. The following items were recommended and approved:

- **Class 1A Substate Quarterfinal Schedule:** Challenges in the current setup for Class 1A postseason playing dates have created a need to compress the schedule for Class 1A substate quarterfinals. Advances in technology for assigning officials allow staff to accomplish this in addition to other activities happening at the same time.

- **Substate Beginning Date:** The traditional substate start will be moved one day earlier (Monday or Tuesday) for all classes to allow substate finals to be played on Thursday or Friday. The earlier start and finish dates will provide additional prep and planning for state qualifiers.
- **State Quarterfinal Mileage Restriction:** Conflicts arising from the 250-mile restriction for state quarterfinal matches were minimal and introduced unintended consequences. Accordingly, it is recommended this scheduling restriction be removed. While this may be considered, in most assignments, if a situation arises that requires placement at a site further than 250 miles, assignors may place matches in the best location possible for both schools.

Following discussion, an additional item was added to the list of changes:

- **Substate Schedule:** Classes 6A-2A schools who wish to play a double header game with both their boys and girls teams will be required to schedule those on the Tuesday of substate and not the Monday. This will help with official assignments and will alleviate disagreements between schools on which day to play.

The Board voted to approve all items for inclusion in the 2026-27 basketball manual.

ELIMINATION OF FIVE SECOND CLOSELY GUARDED COUNT DECISION TABLED FOR ONE MORE SEASON

At the board's request, staff collected data from school coaches and officials to consider possible immediate adoption for a Sunflower League proposal to eliminate the five second closely guarded count in the front court. Following discussion, the Board voted to bring this item back to the Executive Board for action in April 2027. Note, for the upcoming school year, Classes 2A and 3A will join Classes 4A, 5A, and 6A as required to have the shot clock in order to host postseason games; for the 2027-28 school year, all varsity games will be played with the shot clock.

VOLLEYBALL OFFICIALS COMMUNICATION POLICY

Staff facilitated a discussion on the use of wireless communication devices for volleyball officials during regular season contests. Following analysis of the current NFHS guidelines, the Board voted to allow wireless communication devices between referees during regular season matches per the guidelines presented.

POWER RANKINGS USE IN POSTSEASON DISCUSSED

The history of member school support for using power rankings in postseason play for the team sports of baseball, basketball, soccer, softball, and volleyball was discussed by the Board and staff. The current recommended process for seeding the first round of postseason play and results from recently surveyed stakeholder groups were provided. Possible complications and advantages were reviewed. The Board requested more information including specific detail (on an activity specific basis) to be provided at their September meeting.

AREA SUPERVISORS PROGRAM

Staff led a discussion on the continuing education efforts for registered officials to improve consistency in calling contests per adopted playing rules. Many officials have been beneficiaries of teaching and learning via the existing area supervisors program in which local designees lead local training. The Board was provided with a modification of the training plan for area supervisors in baseball, football, soccer, and softball to be implemented in the 2026-27 school year, with future plans for volleyball and wrestling. Following discussion, the Board voted to implement weekly zoom calls and roll out an observation program in these activities beginning with the 2026-27 school year.

EXECUTIVE SESSION

At the request of the Executive Director, the Board entered an Executive Session for the purpose of providing an update regarding ongoing negotiations and discussion regarding non-elected personnel. Following the session, the regular meeting resumed as scheduled.

FLAG FOOTBALL REPORT/DISCUSSION; POSTSEASON STRUCTURE ADOPTED

Board member Sara Richardson represented the KSHSAA at a Flag Football symposium during the first week in June. She provided updates for the Board on the national flag football adoption status, with growth reported at all levels including youth, interscholastic, and collegiate. As part of her report, access to grant funding was discussed and member schools are encouraged to pursue such support, especially for those who consider cost as the biggest barrier to starting a program.

Staff provided the Board with a postseason format for the first season of girls flag football, to be held this fall. Discussion was held on the number of schools involved and planning for additional classifications in the future. The Board voted to approve the following postseason plan:

First Playing Date Available: September 2, 2026
Postseason Seeding Date: October 7, 2026
Round of 32 (Regionals): October 10, 2026
 16 schools on the east;
 16 schools on the west;
 Top 4 seeds will host (three games)
 (1-8-9-16, 2-7-10-15, 3-6-11-14, 4-5-12-13)
Quarterfinals: October 13, 2026
 Higher seed will host (one game)
Semifinals and Finals (four games): October 17, 2026
 Site: To Be Determined

Note: One class the first year with top 16 teams on each side (east/west) qualifying for the bracket.

Please refer to KSHSAA Handbook for rules adopted by the Board of Directors to govern Flag Football.

KSHSAA ADVOCACY PLAN

Per discussion at the April meeting, staff developed a plan to enhance support with elected officials and to better monitor and engage in legislative discussions and actions which impact the Association. Included are ways to educate and engage legislators as well as creating a stronger presence at the statehouse to facilitate these discussions. The Board gave ideas for further connection to implement beginning in the 2026-27 school year.

ANNUAL MARKETING/PARTNERSHIP UPDATE

Jay Gifford, the General Manager with the Teall Property Group (TPG) marketing firm representing the KSHSAA, provided an update on the agreement between TPG and the KSHSAA. He reviewed partnerships created in year one, their positive experiences, and the impact they made on the championship experience for students and schools. An overview was given of plans and possibilities for year two of the agreement.

KANSAS COACHING SCHOOL

An update was provided on the KSHSAA Coaching School, which is scheduled for August 3-4, 2026, at the Salina Fieldhouse.

WRESTLING CLASSIFICATION CHANGE PROPOSED

A proposal was presented to the Board to modify the number of schools in Class 4A for both boys and girls wrestling. In order to maintain four championship tournaments, the traditional 6A and 5A schools participate in their respective classifications. The remaining schools participating are split with 40% assigned to 4A and 60% to the 3-1A postseason tournament. This past year, the number of 4A schools participating was 65.

Executive Board member Jay Doornbos presented a proposal to establish the number of 4A schools at 60 annually. This would help balance the number of individual participants between 4A and 3-1A schools as many smaller schools have small rosters. This also will address the impact of cooperative agreements utilized during the regular season for smaller schools. Finally, it supports KSHSAA staff by helping identify first round host sites earlier for the postseason. Following discussion, the Board requested time to collect feedback from member schools and tabled the decision until the September meeting.

HEAD COACH REQUIRED EXAM POLICY ADJUSTED

At their January meeting, the Board approved the requirement of head coaches to pass the traditional open book exam. Based on extended discussion, the following policy was discussed and approved for implementation for the 2026-27 school year. The new language is as follows:

Coach/Sponsor Exam Policy

The KSHSAA believes those who lead a school sport or activity program should understand the rules and procedures for that program. Therefore, head coaches and sponsors will be required annually to pass an open-book rules exam covering the applicable sport or activity.

The open-book exam is completed on the KSHSAA website, and the coach may access the exam using their login information provided by the school's athletic director. The exam must be passed by the head coach or sponsor by the established deadline. The test deadline is typically prior to the first competition date. A passing score is 90% or higher.

Each head coach will have an initial test opportunity and one retake opportunity within the published exam timeframe. Following the initial test and one retake (if necessary), the school coach will incur a \$100 fine for every additional attempt needed to pass the test. The coach is not eligible to coach a team in competition until the exam is passed.

If they do coach in a competition prior to passing the rules exam, the school team and individuals will forfeit the results of the contest, and the coach will be suspended. Suspensions may be carried into the postseason.

This policy applies to all head coaches and sponsors for activities in which a rules exam is required. Assistant coaches and sponsors may also take the exam but are not required to do so.

Head coaches in the following sports/activities are required to take and pass the coach/sponsor exam: Baseball, Basketball, Bowling, Cross Country, Football, Flag Football, Golf, Soccer, Softball, Spirit, Swimming & Diving, Tennis, Track & Field, Unified Bowling, Volleyball, and Wrestling.
