Bad Weather Games

Even though we cover this in every rules meeting, the manual and the NFHS Rules book here is a reminder of what happens during bad weather games:

Did weather interrupt this game?

Yes – Can you delay the game and continue after the weather passes? Yes. Then do so. If not, how many innings have you played? If you have completed five innings of play then you have a completed game, assuming the game is not tied. If you have not completed five innings of play then you have a “suspended game.” Therefore, you may return at a later date to complete the game. If both schools cannot find a common date to resume play, then you have a “no game played” scenario. If the score margin was to a point where the other team would concede the game that is an option by mutual agreement.

Update your Win-Loss Form All the Way Through

Please continue to update your scores and schedules all the way through your season. You keep playing, then keep on updating.

3A and 2-1A Seeding

The seeding date and deadline is May 4th at 10:00 am. Games played before then will count towards your regional seeding record. Any games played after would count towards state seeding.

It's an Outdoor Sport

News flash for some: Baseball is an outdoor sport. Adversity will occur and you may not be able to play all your games. One major discussion surrounding the 26-game proposal was that if a rainout occurs you may not be able to make that game up. Keep that in mind as we conclude the season.

Umpire Postseason Form

This is due May 8th. Please fill out the form online if you wish to work state baseball.

Umpire Zoom Meetings

Thank you for attending the Zoom meetings to watch various plays and have discussion about how we can improve our game.
